SUFFER MANY HARSHIPS IN FRAIL BOATS

Ten Escaped French Convicts Succeed in Making Perilous Crossing

GET ASSISTANCE IN DUTCH WEST INDIES

ARUBA, Dutch West Indies, Nov. 6 (CP).—Ten escaped convicts from three French penal colonies off French Guiana reached Aruba today to tell an incredible tale of hardships suffered during their escape.

The men, headed by Jean Duvernay, made the perilous ocean crossing despite the fact that there was not one sailor in the lot.

For three of their thirty-two days under the searing Caribbean sun they were without food and for five days no water passed their parched lips. Twice their frail boats were wrecked and many times they were near death.

LAY THEIR PLANS

The ten convicts—four of whom were imprisoned on Royal Island, four on St. Joseph and two on Devil's Island—communicated with each other to lay their plans for escape through the food delivery boat traveling among the islands.

Duvernay had money concealed on his body and with it he purchased a sixteen-foot canoe, which, by prearrangement, put out at

SAW DAUGHTER IN BERLIN JAIL

Says Lillian Steele Was Led Into Trap—Thirty Germans Involved

BERLIN, Nov. 6 (AP).—The magistrate in charge of the case of Miss Lillian Steele, of Hollywood, Cal., said today, every effort is being vigorously pursued to bring the "extremely serious" case to an early conclusion.

Miss Steele, a young music student who was born in Toronto, has been held in Moabit Prison for eighty days under suspicion of having had dealings with espionage organizations. She is now a United States citizen.

Judge Zimmer of the people's court, the investigating magistrate, said many ramifications requiring the greatest secrecy are being investigated.

It was said that thirty Germans are involved in the Steele case and are still at liberty. The authorities fear that, if the exact nature of the charges is revealed, the suspects will escape.

VISITED DAUGHTER

HOLLYWOOD, Nov. 6 (AP).—Mrs. Clara Steele, mother of Isobel Steele, who is held prisoner in Moabit Prison at Berlin on an unannounced charge, declared at her home here today, "a certain baroness," whose name she would not divulge, "led my emotional daughter into some trap."

Mrs. Steele disclosed that she visited for ten minutes with her daughter in Moabit Prison on August 24, ten days after her arrest.

"We were watched constantly, however," Mrs. Steele asserted, "and she could not tell me the nature of the charge against her. She was in solitary confinement then and has been ever since."

Mrs. Steele declared that her daughter is innocent of any wrongdoing.

CHURCH LEADER SERIOUSLY ILL

VANCOUVER, Nov. 6 (CP).—The condition of Archbishop A. U. de Penier, head of the Church of England in British Columbia, was "fairly serious," hospital authorities stated tonight. It was feared that pneumonia might develop.

Archbishop dePenier was injured on Sunday, when the car he was driving, crashed into a span on Connaught Bridge, Cambie Street.

Will Help Industry but Warns Against Extortion

OTTAWA, Nov. 6 (CP).—Prime Minister R. B. Bennett tonight gave the tourist industry of Canada a pledge it would be afforded the full co-operation of the Federal Government, but at the same time he added a note of warning it was up to the industry to protect the good name of Canada by seeing that the tourist received the fairest possible treatment, from the standpoint of courtesy, truthful representation and honest price charges.

The Prime Minister addressed the

Bloodshed Feared With Collapse of Doumergue Gov't

Political Truce in France Ends as Radical Socialist Members Quit Cabinet—Resignations Expected Thursday—Elaborate Precautions Taken to Prevent Rioting in Paris

PARIS, Nov. 6 (AP).—A nine months' political truce in France ended today as Premier Gaston Doumergue's National Government fell, and tonight Paris, recalling the riots that brought "Papa" Doumergue to power, feared new bloodshed.

SAYS MEASURE MISUNDERSTOOD

Lord Hailsham Explains Contentious Bill—Is Advanced by Lords

LONDON, Nov. 6 (CP).—Without a division the House of Lords, tonight, gave second reading to the Incitement to Disaffection Bill after Lord Hailsham, Government spokesman, had declared there was an organized campaign of misrepresentation against the bill on the grounds it interfered with the right of free speech.

The bill had nothing to do with the law of sedition and did not affect the liberty of speech, declared Lord Hailsham. Any statement or writing that was legal now would be legal after the bill's passage. Any statement or writing that was illegal now would remain illegal.

GREAT CARE TAKEN

The powers of speech contained in the bill were not really new, said Lord Hailsham. Never had more careful precautions been laid down governing issuance of search warrants.

Lord Strabolgi, better known as Commander C. M. Kenworthy, declared on behalf of the Labor Opposition, that he believed there was a sinister motive behind the bill.

He saw in it an object for "beating down a pacifist movement in case of war."

The Archbishop of Canterbury, Most Rev. Cosmo Gordon Lang, supported the bill, declaring it did not affect the liberty of expression of opinions of even the most advanced character.

COTTON EMBARGO OFF

LONDON, Nov. 6 (CP-Havas).—The Lancashire cotton mills today removed their embargo on exportation of British cotton goods to Germany.

Members of the Canadian Association of Tourist and Publicity Experts, at a dinner which concluded the nation-wide tourist conference called by the Canadian Travel Bureau.

Exaggeration in tourist publicity and advertising could not be tolerated, the Prime Minister told the tourist industry executives. Canada's natural beauties did not need this sort of thing.

Misunderstanding Given Denial by Government Press

ROME, Nov. 6 (AP).—The Government Press Bureau emphatically denied there had been any misunderstanding recently between Italy and Hungary, as Premier Mussolini tendered a formal dinner tonight to Premier Julius Goemboes, of Hungary. The visiting diplomat spent half an hour today discussing world issues with Mussolini. They will have a second conference tomorrow, after which Goemboes will entrain for Budapest.

INSISTING ON CONCESSIONS

Great Britain and United States Agree in Naval Talks

LONDON, Nov. 6 (AP).—Great Britain and the United States agreed again today that tri-power naval conversations must continue until an agreement is reached, but insisted that any concessions must come from Japan.

A meeting between Norman H. Davis, United States delegate, and Sir John Simon, British Foreign Minister and member of Great Britain's delegation, resulted in reassertion of their opposition to Japanese proposals for new methods of naval limitation.

Japan intends to denounce the existing Washington and London treaties and seek to replace them by an agreement embodying recognition of her right to equality in defensive weapons, abolition of the 5-5-3 ratio system and use of the total tonnage, instead of the category, system of limitation.

WATCHING DEVELOPMENTS

British and United States officials, meanwhile, watched with interest developments at Geneva, where Nobumitsu Ito, Japanese diplomat, was questioned as to Japan's alleged refusal to allow a United States warship to visit former German islands, in the Pacific, now under Japanese mandate.

Should it be proved that Japan has violated her mandate by fortifying the islands, the matter would be brought into the sphere of the naval conversations, authoritative quarters here said.

HERRIOT MAY LEAD

To Herriot, as leader of the faction that broke the truce, President Albert Lebrun will assign the task of forming another government.

Friends said Herriot would accept, almost intact, they said, leaving out only Henri Lemery, Minister of Justice, and putting in his place former Premier Andre Tardieu, minister without portfolio under Doumergue, who will serve as vice-premier.

So vivid was the fear of disorders that the retiring Premier and his minister decided to defer announcement of the Government's fall until Thursday, hoping Herriot will have his new Cabinet ready by then.

Meanwhile, the most elaborate

LABOR WINS IN NORTH BRITAIN

Impressive Victory Recorded in Scottish Elections—Many Gains Made

EDINBURGH, Nov. 6 (CP).—Labor registered an impressive victory today, as municipal elections took place in Scotland.

In the busy city of Glasgow the Socialists gained a clear majority of fourteen in the Town Council. Re-elected Labor and one from the Independent Labor party had, between them, sixty-five seats. Other seats were apportioned as follows: Moderates, 46; Protestant League, 5.

Elsewhere the Laborites made marked inroads, similar to the remarkable headway they made against the Conservative candidates in the municipal elections in England and Wales last week. In Dundee, Labor gained four seats, in Aberdeen three, in Motherwell three. The turnover in Motherwell gave that town its first Labor council.

In Glasgow, the largest city in Scotland, Labor made four gains from Moderates and one from the Independent Labor party. The I.L.P. gained one over the Moderates and one over the Scottish Protestant League. One Independent Moderate gained a seat from the Scottish Protestant League. The turnover left Labor and the I.L.P. with a net gain of six seats over the Moderates and the Scottish Protestant League.

Merriam Defeats Sinclair as Democrats Score Gains in Bitter United States Polling

Conquerors of Pacific

Swooping down like a great bird out of grey skies, Sir Charles Kingsford-Smith brought his low-winged blue monoplane, Lady Southern Cross, to earth at Oakland, Sunday, completing the last leg of his Australia to California trans-Pacific flight, in 14 hours and 58 minutes, establishing a new record for the Hawaii to San Francisco hop. Photo shows Sir Charles and his navigator, Captain P. G. Taylor, on their arrival.

Nova Scotia Is Aroused Against School History

Church Organizations Petition Government to Withdraw Textbook That Teaches Man Was Evolved From Lower Animals—Premier Says Material Added After Draft Approved

HALIFAX, Nov. 6.—Insertion of an objectionable passage in a school textbook after a draft copy had been approved by educational authorities, has stirred up a bitter warfare between fundamentalists and modernists in Nova Scotia.

Premier Angus MacDonald, following receipt of three separate protests from church organizations in the province, against the continuance of the book, entitled "The Story of Civilization," stated that, on inquiry, he learned that the material to which objection is taken was not included in the draft of the work which had been submitted for examination prior to authorization of its use in the schools.

"The Story of Civilization" was compiled for the curriculum committee by V. P. Seary, of Halifax, and G. Patterson, of Toronto, it was stated.

In a petition signed by 1,200 Presbyterians asking for its removal from the schools, it was charged that the book was "a deliberate attempt to prevent war, Edward Benes, Czech Foreign Minister, told the Chamber of Deputies when it reconvened here today.

In a lengthy expose of the European situation, Benes emphasized that the league was working along negative lines instead of having a definite positive policy, such as it had in the days of Aristide Briand.

REVIEWS SITUATION

Painting a sweeping panorama of Europe, the Foreign Minister sketched the Eastern Locarno project, possibilities for Franco-Italian and Italian-Little Entente (Rumania, Czechoslovakia and Jugoslavia) rapprochement and the German-Polish accord of last January. "These form," said Benes, "all the elements of the new constellation which is appearing on the political horizon. Europe is passing through a period of exploration, seeking new frontiers and new forces."

He regards the situation as extremely grave.

TWO APPOINTED JUDGES

LONDON, Nov. 6 (CP).—J. H. Singleton and S. L. Porter, King's Counsellors, have been appointed judges of the Court of King's Bench, it is announced.

Roosevelt Wins More Than Two-Thirds Majority in Senate and House as States Return Democrats to Majority of Governors' Chairs—Reed Defeated in Pennsylvania

Supporters of President Win In Washington and Oregon

NEW YORK, Nov. 7 (CP).—The United States today was in the hands of President Roosevelt, his new dealers and the Democratic party. As a result of yesterday's congressional elections, the Republican party retained less than one-third of the Senate seats, a similar fraction in the House, and was of less account than at any time since its founding. It was the most astounding off-year election in history.

Typical of the sweep of the New Deal, was the situation in the Republican stronghold of Pennsylvania. There Joseph P. Guffey, Rooseveltian, snatched a lead from Senator David A. Reed, seeking reelection, while the Democrats seized three seats in Philadelphia. This was unprecedented and meant that, contrary to the custom in "off-year" elections, the "ins" stood a chance of maintaining their large majority in the House.

In Missouri the Democrats took a Senate seat away from the Republicans, as they did in Connecticut and Ohio. They were leading in the races in Indiana, and in West Virginia, where Hugh Dewey, Republican, was leading.

In his twenty-ninth year, was ahead.

STRONGER THAN EVER

James A. Farley, Postmaster-General and campaign manager for the Democrats, sat down and wrote: "The people have shown they are stronger in favor of the President than they were two years ago. There is no doubt he would have been given a majority in every state if he had been a candidate this year."

Mr. Roosevelt had retired to bed, "overjoyed," some time earlier.

The result of the election is interpreted as meaning the people of the

Continued on Page 2, Column 3

MANY DIE IN GUN BATTLES

Campaigns Climaxed by Violence and Disorders in Several Centres

(By the Associated Press)

by violence and disorders in widely separated communities Tuesday in the United States general elections. Andrew Kontishion, thirty-four, died at Hazelton, Pa., the fourth victim of gunfire that mowed down a parade of Democratic enthusiasts Monday night in Kalamazoo. Fourteen other persons suffered wounds in the same outbreak.

One man was shot to death and another seriously wounded near Holland, Mo., when they sought to bring negro voters to the polls. Several negroes were reported badly beaten in the section.

TWO MEN KIDNAPPED

Another negro, Dr. Joseph King, of Chicago, brother of a State representative seeking state senatorship, was reported kidnapped by two men in an automobile. He soon was released, as was Ben Levy, a mail carrier, seized near a polling place by a half-dozen men. Neither victim was injured.

There were several sluggings in Chicago, but the election was one of the most peaceful in the city's history.

Continued on Page 5, Column 6

More States Vote Against Prohibition

NEW YORK, Nov. 7 (CP).—Of the states which voted on "Repeal" referenda, in yesterday's United States elections, West Virginia was first to give almost definite indications of killing its dry law.

When 1,073 of 2,338 precincts had been tabulated, the West Virginia vote was 151,452 for repeal, 110,646 against.

In Kansas the dries seemed headed for victory.

Florida gave a commanding majority to repeal.

Early returns in Idaho gave only a slight lead to repealists.

One precinct in Nebraska gave 105 for to 216 against repeal.

Six Months for Robbing an Indian

LILLOOET, Nov. 6 (CP).—G. Marven and his wife, of Vancouver, have been sentenced to six months in Oakalla upon conviction on a charge of theft of articles from the home of Cregua, a Bridge River Reserve Indian.

Cregua testified he found the couple at his home when he returned from town, and discovered his rifle and cartridges were missing after their departure.

Driverless Car Cavorts Over Busy Intersection

There is one motorist in town who, in future, will remember not to leave his car in gear when parked.

Bystanders stood in Capitol Theatre, last night, when a light delivery truck started to cavort across the intersection backwards, and without anyone in the driver's seat.

It missed several cars and pedestrians, who were crossing the intersection of Yates and Blanshard Streets at the time, and just missed hitting a telephone pole as it leaped

backwards over the sidewalk, and then came to a stop with a resounding crash against two cars parked in a vacant lot adjacent to the Dominion Hotel. Fortunately, damage to the cars was slight.

The driver of the truck had parked his machine near a letter box outside the Capitol Theatre, in order to clear the box for delivery to the postoffice. When he cranked the motor, the engine immediately started, and the driver standing stupefied, with amazement, as the car started to back away.

INQUIRY HELD INTO CHARGES

Saanich Council Hears Evidence in Regard to Police Force Appointment

The Saanich Council, sitting as a court of inquiry, last night investigated rumors to the effect that a recent appointment of a constable to the police force had been "fixed." The rumors were brought to the attention of the council in a letter from Henry S. Rounding, and the council immediately decided to hold an inquiry.

The board of police commissioners was present in a body, while Councillor Fred Borden officiated as chairman, owing to Reeve William Crouch being chairman of the police commission. E. L. Tait was counsel for the board of inquiry and directed the investigation.

EVIDENCE IS HEARD

Henry Rounding was the first witness called, and told of how he had heard that the appointment had been "fixed." His informant, he said, was Denis Hoare. Mr. Hoare next took the stand and told where he had heard the allegation. He said he had heard it from a constable, who had been appointed to the force.

Thomas Raper denied having ap-

proached any commissioner in an effort to canvass support for one of the applicants, while Thomas Sargent, a ratepayer, told the police how he had attended the police commission, and thought the choosing of the successful candidate was most fair and "above board."

ALLEGATION DENIED
Reeve William Crouch, Commissioner L. W. Goddard and Commissioner A. E. Scaife, all denied having "fixed" the appointment, and clearly outlined the steps taken in arriving at a decision.

The court adjourned until 8 p.m. Thursday, when two more witnesses will be called.

FORTS WOULD VIOLATE PACTS

Arming of Mandated Territory Would Be Viewed as Breach of Treaty

LONDON, Nov. 6 (CP).—If Japan is fortifying the Pacific Islands she holds under mandate of the League of Nations, then in the view of high authorities here, she is violating the terms of the Washington Naval Treaty.

By implication—although the position is not quite so clear—the establishment of naval or air bases on mandated territory is also a breach of the League mandate.

Statements before the League Mandates Commission at Geneva, yesterday, fortified the suspicion here that Japan is building secret submarine and air bases on the islands lying between Hawaii and the Philippines. These were former German possessions which Japan now holds under the League mandate and, apparently, intends to hold permanently despite withdrawal from the League.

NO DEFINITE PROOF

No definite proof, however, is available, and until such proof is forthcoming, it is extremely improbable that Britain, as a signatory to the Washington Treaty, will make any representations to Japan.

(A spokesman in Tokyo today said the suspicions expressed at Geneva were groundless.)

The proceedings of the Mandates Commission are under close observation by the British. The view taken here is that any change in status in the islands in the matter of fortifications, is a breach of the Washington Treaty. It is immaterial whether the fortifications are for air or naval purposes.

SUGGESTS CASINO TO MHELP OUT MONTREAL

MONTREAL, Nov. 6 (CP).—Mount Royal will emulate Monte Carlo if Saxon Demers, member of the boxing commission, and former alderman, has his way. Demers said today he would propose to the executive committee they seek an amendment to the Criminal Code to enable the city of Montreal, which has been feeling the financial pinch, to operate a gambling casino on the mountain.

SECOND WOMAN ENTERS FIELD

Mrs. Alice McGregor to Seek Seat on Aldermanic Board in Civic Election

Mrs. Alice McGregor, of 1190 Camrose Avenue, last night announced her candidature for a seat on the aldermanic board. She is the first candidate to be announced for the City Council, and the second woman to enter the civic election field.

In announcing her candidature, Mrs. McGregor declared that she was not a member of one single organization. She wished to explain by this that she felt that council representatives should be free to vote in the best interests of the people, rather than be guided by the dictates of organizations to which they might belong, and which might be supporting them.

Mrs. McGregor at one time was a very active member in the Conservative Association, and her late husband was a Conservative member of the Legislature. Prior to seeking honors at the civic polls, Mrs. McGregor ran as an Independent-Conservative in one of the Provincial elections.

So far none of the present aldermen have announced their candidature, but it is a generally accepted fact in City Hall circles that Aldermen Dr. J. D. Hunter, Walter Luney, Andrew McGavin and James Adam will seek re-election.

SINCLAIR DEFEATED; AS DEMOCRATS WIN

Continued from Page 1

United States have moved away from stand-patience. That they have not gone radical is demonstrated by the early concession of the governorship of California to Frank Merriam, campaigning against the novelist, Upton Sinclair, who proposed, in his Epic platform, the state take over a few things. Sinclair, running on the Democratic ticket, was not endorsed by the Administration.

CONTEST IN MICHIGAN

In Michigan, where the New Deal issue was not as clear-cut as elsewhere, Senator Vandenberg, Republican, trailed Frank A. Pickard, Democratic candidate and strong Roosevelt supporter, by around 20,000 on early returns.

In Rhode Island, Senator Felix Hebert, Republican, the first native French-Canadian who ever sat in the United States Senate, was holding a brief edge over Peter Gerry, Democrat.

On the other side of the score was the Republican Senator Frederic Walcott, who was apparently losing to Francis T. Maloney, Democrat. At midnight, Senator W. H. King, Democratic incumbent, was leading by a large margin over Don B. Colton in the Utah contest. Senator Royal S. Copeland was re-elected in New York, while Bertrand H. Snell, Republican leader in the House of Representatives, was also re-elected.

In Nevada, Senator Key Pittman, Democrat, held a commanding lead in a three-cornered fight. Senator Burton K. Wheeler swept into a commanding lead in the early returns from Montana.

STATE GOVERNMENTS

The Democratic victory yesterday extended into State governments. In New York, Governor Herbert H. Lehman was returned, as was William L. Cross in Connecticut. James M. Curley appeared certain of the chair in Massachusetts, and throughout the South, Democrats were returned as a matter of course.

An exception appeared likely in Wisconsin, where the young Progressive, Philip La Follette, maintained a lead over his Democratic opponent. His brother, Senator Robert M. La Follette, friendly to the Administration, was apparently about to be re-elected.

In all, thirty-four senators were elected in thirty-one states today, and 432 members of the House in forty-seven, while thirty-three states elected governors. In seven states the voters passed on the question of repealing state liquor prohibition.

Every two years the United States elects a full House of Representatives, 435, and one-third of the Senate, thirty-two. Maine holds its elections in September, and this year returned Senator Frederick Hale, Republican, and two Democrats, one Republican and one Democrat to the House. The discrepancy in the normal number of senators elected is accounted for by vacancies caused by death or resignation.

RACE IN CALIFORNIA

SAN FRANCISCO, Nov. 6 (AP).—Upton Sinclair's powerful Epic bid for the governorship apparently was rejected today, by the California electorate, in the most crucial ballot battle in the state's history.

The former Socialist, who turned Democrat and captured the nomination of that party on a platform denounced by foes as Communist, consistently trailed Acting-Governor Frank P. Merriam, Republican contender, as returns from today's election poured in.

Merriam had 443,382 votes, and Sinclair 361,626 in 4,896 precincts. Raymond L. Haight, Commonwealth and Progressive, polled 98,896.

IN LOS ANGELES

Even Los Angeles, centre of Epic strength in the primary, seemingly turned against Sinclair. In only one county, San Joaquin, did the "end poverty" candidate have a lead. Merriam was ahead in the other forty-one counties reporting. There are fifty-eight counties in the state.

Sinclair's running mate, Sheridan Downey, fared a little better in the fight for the lieutenant-governorship, but was behind George J. Hatfield, Republican nominee, in 4,534 complete and incomplete precincts.

Kingfish Aids Students

Senator Huey P. Long, advocate of a "Share the Wealth" programme, is shown distributing several hundreds of dollars to students at the Louisiana State University, New Orleans, who could not afford to attend the L.S.U.-Vanderbilt football game at Nashville, Tenn. The fiery Senator, in return, received hundreds of I.O.U.s, estimated at about \$3,500.

Bishops Stand Firm in Refusal to Compromise

Continued from Page 1

BERLIN, Nov. 6 (AP).—Firmly adhering to their "all or nothing" policy, three Protestant opposition bishops today ignored the conference called by Reichsbishop Ludwig Mueller, to determine the Nazi Church regime's future policy toward the opposition.

Bishops Hans Meiser, Theophil Wurm and Marahrens declined to attend the bishops' conference called by Mueller, indicating they would stand firmly by their refusal to compromise with the Reich Church leader.

While efforts to reach an agreement involving Mueller's retention of his office thus far have failed, informed sources nevertheless believe today that his resignation, rumored often last week, was not imminent.

No announcement as to decisions taken at today's conference was made. Another session will be held tomorrow.

LISTS OF GOVERNORS

NEW YORK, Nov. 7 (CP).—Democrats clung triumphantly to an imposing list of governorships in yesterday's heavy balloting as national leaders complacently watched Upton Sinclair, former Socialist, bow under California's Republican avalanche.

Not one of the twenty-four Democratic executive state mansions opened to 1934 voters was definitely conceded by President Roosevelt's party, though Republicans took leads in Michigan and New Jersey, and Philip La Follette, Progressive, was out in front of Democratic Governor Albert Schmiedeman in Wisconsin.

The Democratic sweep actually was reaching in for some of the eight Republican governorships at stake, with Thomas H. Moodie enjoying a two-to-one advantage over Mrs. William Langer in North Dakota, and Charles H. Martin leading two opponents in Oregon. And in Pennsylvania, with more than 2,600,000 votes counted, just a handful separated George H. Earle from the lead of William A. Schnader, Republican.

Minnesota apparently was returned to the hands of Governor Floyd B. Olson, Farmer-Laborite. Republicans retained Kansas, New Hampshire and Vermont and looked to hold Nevada. But the mounting list of Democratic wins, which started in the solid South, and included a tremendous majority for New York's Governor, Herbert Lehman, bid fair to tighten the New Deal grip on such states as Massachusetts, Colorado, Rhode Island, Ohio, Iowa and Idaho.

SITUATION UNPARALLELED

WASHINGTON, Nov. 6 (AP).—Swept onward by a surge of popular support that reached tidal wave proportions in his own state of New York, President Roosevelt turned today into the second stretch of his new deal administration with the United States still following him down a road he has defined as "straight ahead."

There is no parallel in American political history for the mid-term endorsement of presidential policy written into millions of ballots today, even across ignored party lines.

In the wake of that sweep to rally an all but revolutionary force of national leadership made in 1932, the exact proportions of Democrats or Republicans in either House or Senate of the new Congress, even the individual shadings of policy among them, loomed as of less significance than the mandate to carry on voted to the President himself. The party majorities behind him in both houses may and probably will prove cumbersome and at times intractable. Yet the general trend of the election arms the President with new authority to chart that middle-of-the-road course to which he has pledged himself.

POLICE CLASH WITH STUDENTS AT ZAGREB

ZAGREB, Yugoslavia, Nov. 6 (AP).—Police swinging clubs, tonight, broke up demonstrations against Hungary and Italy in the crowded main street of this Croat capital.

The police interfered with 200 demonstrators students when they started toward the Italian Consulate.

Charges that Italy and Hungary sheltered terrorists accused of the assassination of the late King Alexander of Yugoslavia, at Marseille, were revived in connection with the visit to Rome of Premier Julius Gombos of Hungary.

Reject Plan For State Lotteries

LONDON, Nov. 6 (CP-AP).—The House of Commons, debating the Betting and Lotteries Bill tonight, rejected an amendment in favor of permitting state lotteries. The vote was 219 to 47.

The House went into committee on the bill yesterday. It proposes, among other things, to legalize the tote betting system on greyhound race tracks, and aims to prevent sale in England of tickets on the Irish Free State Hospitals Sweepstakes.

HAS PRAISE FOR COUNTRY SCHOOL

Association Delegates Would Put Democratic and Social Studies in Secondary Curriculum

TORONTO, Nov. 6 (CP).—Delegates to the Canadian Educational Association convention tonight joined in a huge public meeting after a day of addresses that produced from H. H. Shaw, of Charlottetown, P.E.I., praise for the country school and the statement: "Self-help is still the only way to an education."

Society should use the schools for the promotion of Democracy, and social studies should be placed in the secondary school curriculum, declared several speakers at today's sessions which opened the eighteenth meeting of the association.

Shaw, who is superintendent of education for Prince Edward Island and president of the association, declared the recent increase in students seeking education beyond the elementary grades presented a problem.

"The situation is exceedingly difficult because of the withdrawal of Federal grants in aid of technical and agricultural education," he continued. "Our problem is to determine whether students who do not proceed to college are cared for in the best manner." Secondary education, he said, should stress citizenship rather than academics.

To Make Rubber From Poinsettias

WASHINGTON, Nov. 6 (AP).—Herman E. Pitman, chemist of St. Louis, sought today to obtain patent protection for a formula by which he claims 60 per cent of the rubber requirements of the United States may be extracted from a species of the poinsettia. The plant, common as a decoration at Christmas time, thrives in Southern states.

Finds Nugget in Seattle Chicken

SITKA, Alaska, Nov. 6 (AP).—Mrs. Josephine Brojak, wife of the chef at the Pioneer Home, today displayed a gold nugget, about the size of a large bean, which she cut from a chicken which had been shipped here with other food from Seattle.

REPORT REBELLIONS QUASHED IN BRAZIL

RIO DE JANEIRO, Nov. 6 (AP).—Unconfirmed reports here today said an uprising against the Government had broken out simultaneously at Curitiba and Curitiba, in the state of Matto Grosso.

The state Government, it was learned, took measures to put down the reported rebellions.

COLONEL BROWN PRESIDENT

VANCOUVER, Nov. 6 (CP).—Colonel A. M. Brown was elected president of the Vancouver Canadian Club at the annual organization meeting here tonight.

SNOW IN PEACE RIVER

EDMONTON, Nov. 6 (CP).—Four inches of snow was reported today at Peace River town, and a lighter fall over most of the northwest part of the whole Peace River section.

Grant of \$1,500 Will, Be Made to Interior Forest Products Ass'n

Hon. A. W. Gray announced yesterday that a Government grant of \$1,500 would be made to the Interior Forest Products Association, to encourage market extension efforts in Britain on spruce from mountain sections of the province. The grant, sought by Interior lumbermen at the same time, will not be granted, it was stated.

I. R. Poole, secretary of the Interior Forest Products Association, and others representing a group of lumbermen operating east of the Coast Range, called recently on the Government to urge reduction in provincial charges against timber, and assistance by way of a grant toward market extension work.

WILL SEND ENVOY

From present plans, it was said, the association will send an official representative to Britain early next year, with the express object of furthering sales of British Columbia spruce.

Fir and cedar groups have previously been assisted in the same manner by the Province; while a special lumber delegation is now en route to South Africa in an effort to expand export business with that Dominion.

SAYS DREAM IS COMING TO PASS

Eamon de Valera Declares Majority of Irish Want Complete Independence

DUBLIN, Nov. 6 (CP-Havas).—A majority of the Irish people are prepared to vote for complete independence of their country, Eamon de Valera, President of the Irish Free State, declared in an election address at Limerick tonight.

De Valera spoke in support of Fianna Fail candidates in the municipal elections to be held Thursday under the new Civic Management Act.

The policy being pursued by the present Free State Government, he said, was one associated with the people twenty years ago. That policy was being changed from a dream to a reality, he averred.

BLOODSHED FEARED AS FRENCH GOV'T FALLS

Continued from Page 1

precautions were taken to avert repetition of the street fighting that preceded the overthrow of Edouard Daladier's Government.

Heavy police forces were hidden around the Chamber of Deputies, which earlier received Government-drafted bills providing severe penalties for the chiefs of rioting groups, and nearly 1,000 men were quartered at the Invalides police station, across the street from the Foreign Office, where Doumergue has his offices.

The Doumergue Cabinet was smashed by the proposals to alter the Constitution.

The venerable Premier, asserting that France's Cabinet turnover was too fast to permit stable governmental policies, planned to revise the fifty-nine-year-old Constitution so as to give the Premier more power than he now has.

SUPERFICIALLY INTACT

While the Doumergue truce Government seemed finally broken tonight, the Cabinet remained superficially intact, as Premier Gaston Doumergue and President Albert Lebrun continued efforts to avert actual resignations of the Radical-Socialist ministers and consequent downfall of the Government.

After a day of intensive political activity, a number of parliamentary groups had voted confidence in Doumergue and his programme of parliamentary reforms, and Doumergue's backers claimed he still had a chance of carrying through his original plans. Others, however, believed the collective resignation of the Cabinet was inevitable by Thursday.

The situation will remain confused until the Chamber of Deputies votes tomorrow on Doumergue's project for provisional three months' credits. That vote is expected to decide Doumergue on whether to present resignation of the Ministry, or to attempt to carry on.

AROUSAL AGAINST SCHOOL HISTORY

Continued from Page 1

that it was "an unfair and insidious attempt to foster a pagan philosophy upon our children." The petitioners further declare:

"This textbook affirms the voluntary hypothesis of man's brute origin, and indirectly repudiates Christianity, the faith and religion of the people of Nova Scotia."

Rev. Alexander Murray, who denounced the publication most strenuously, said that Presbyterians objected to the book in toto.

Particularly, the cleric said, did the churchgoers resent the book's first chapter—108 pages, with illustrations, entitled "The Quest for Comfort," which pictures the development of living standards from the "last half hour of the last day" on which life appeared to the present time.

ORIGIN OF MAN

In this pending chapter man is described as appearing "a primitive savage"—in the "last twenty-three seconds of the last half hour."

The book adds: "We are told also that, just as the clumsy wagons of earlier times have developed into the swift motor cars of today, so has man evolved from simpler and lower animal forms, reaching far back into the early life of our world."

This is a "dogmatic" declaration. Mr. Murray declared, that man had come "from brute ancestry."

SNOWDEN IS NOT DANGEROUSLY ILL

Former Chancellor Collapses While Speaking to Cobden Club but Reports Reassuring

LONDON, Nov. 6 (CP).—The condition of Viscount Snowden, who collapsed in the midst of an address, today, was described from his home, tonight, as reassuring. It was stressed that he was in no danger.

The frail former Chancellor of the Exchequer was denouncing various policies of the National Government before the Cobden Club when he suffered the seizure. He cut his speech short, and was escorted to his home.

The burden of the seventy-year-old viscount's address was that the United Kingdom should embrace "the free trade policy which has been destroyed."

MOSLEY WINS LIBEL SUIT AGAINST PAPER

LONDON, Nov. 6 (AP).—Sir Oswald Mosley, leader of the British Fascists, today won his libel suit against The Evening Star, which he claimed had presented his political programme in a false and violent light.

A jury in the King's Bench Division awarded Sir Oswald a verdict of \$5,000 (\$25,000) damages and ordered the defendant to pay the costs of the trial.

Troubled for Years With Rheumatism

Mrs. Hampson Was Unable to Raise Her Arm
After Taking Six Boxes of Dodd's Kidney Pills She Is Quite Well

Alexander, Man, Nov. 6 (Special).—"I have taken your Dodd's Kidney Pills for quite a number of years, and find them a great boon," writes Mrs. M. Hampson, a well-known resident of this place. "From the time I was in my teens I was troubled with Rheumatism. For weeks I was unable to raise my arm. My mother tried everything, but to no avail. At last she got a box of Dodd's Kidney Pills and they did me so much good that I took about half a dozen boxes and was quite well. Ever since that time I have kept them on hand in case of emergency. At the slightest sign of Backache or Rheumatism I take them. I certainly cannot praise them too highly. Trusting this will be of service to others." (Adv.)

Tourist Industry on Upgrade in Canada By Government Aid

Government's Travel Bureau Will Be Enlarged Next Year, Minister Announces—Saskatchewan Only Province Without Bureau of Its Own

OTTAWA, Nov. 6 (CP).—Canada's tourist industry is on the upgrade, and the Federal Government is behind the industry to the fullest extent, Dr. R. J. Manion, Minister of Railways and Canals, today told the first nationwide conference of tourist executives sponsored by the Government. The Canadian Travel Bureau, the Government's newest department, would be enlarged in 1935, the minister stated.

The Canadian Association of Tourist and Publicity Bureaux presented a resolution to the conference that a nation-wide survey of the industry be made by D. Leo Dolan, director of the Canadian Travel Bureau. The survey would also be the basis of the Government Bureau's 1935 advertising campaign, necessarily of a broad nature, covering all the Dominion from the Atlantic seaboard to the Pacific Coast.

TOURISTS ON COAST

Charles H. Webster, commissioner of publicity for Vancouver, gave the conference a detailed picture of the tourist industry on the Pacific Coast. United States automobiles entering Canada via British Columbia, in the fiscal year ending March 31, 1934, numbered 108,863. These carried 359,248 passengers. During the same period 140,451 Canadian cars passed through British Columbia to the United States. These carried 463,488 passengers.

During 1930, United States cars entering Canada through British Columbia ports, numbered 188,647 cars. These carried 605,556 passengers.

The balance of tourist traffic which had favored Canada in 1930, had been unfavorable in the twelve months ending March 31, 1934. It was emphasized by Mr. Webster, Co-operation of all Canadian agencies and vigorous advertising would place this balance of tourist traffic back where it was in 1930.

Senator Robert Horner, member of the Senate tourist committee, represented Saskatchewan at the conference. Saskatchewan is the sole province without a provincial bureau, and he expressed the hope that the Province would take the formation of such a bureau under consideration. Senator Horner pointed out that this was a matter taken at an early date.

ALBERTA GRATEFUL
Colin G. Groff, director of publicity for Alberta, expressed the gratitude of that province to the National Parks Department for co-operation in developing tourist traffic in Alberta. The Jasper Highway would be opened in 1935, Mr. Groff told the conference.

PUBLIC HEALTH BILL IS LARGE

Hon. Dr. G. M. Weir Says B.C. Citizens Pay \$10,000,000 Annually

British Columbians are spending an average of \$10,000,000 yearly for health institutions and services, of which \$3,500,000 is the annual cost to the Province and the Municipalities, Hon. Dr. G. M. Weir declared, yesterday, on the eve of his departure for the East, on state health insurance, superannuation and other departmental matters. Dr. Weir will leave, on Saturday, for Vancouver, en route to Toronto and Ottawa.

The gross cost of institutional health service to the Province and the municipalities was \$3,100,000 last year, not including \$500,000 of a deficiency in funds for the purpose. This year the cost is estimated at \$3,500,000, inclusive of per diem grants to seventy hospitals; some \$700,000 spent on hospitalization for individuals from other provinces, and many other items.

BILLS UNCOLLECTED
Upwards of \$1,200,000 in hospital bills went uncollected in 1933, while \$1,000,000 in relief had to be cleared in any event through

A Watery View on Island Railway

Scene Last Monday on the E. & N. Company's Tracks, Passing Under the C.N.R. Trestle at Koksilah.

existing agencies. Dr. Weir continued. The Province, he said, is looking for a better means of safeguarding public health, where prevention will be emphasized rather than cure.

The Provincial Secretary said one of the chief reasons for his trip is to discuss an actuarial basis for state health insurance with Eastern actuaries.

SUPERANNUATION

While in the East, Dr. Weir will meet the second firm of actuaries consulted on British Columbia superannuation plans this year, with a view to definite decision on basis and policy to enter into any future legislation. The Province may offer on the subject.

He expects to contact Federal departments at Ottawa, later, both in relation to the British Columbia claim for recognition of transients' hospitalization, and on other departmental affairs. As the Ottawa conference has been postponed, Dr. Weir may be the only member of the Government to go East this Fall. He will leave Vancouver on Sunday, by rail, for Toronto.

CLASS TO LEARN CHINESE TONGUE

Oriental Language Will Be Among Subjects Taught in Night School in Victoria

The Victoria evening technical classes, which are now held under the auspices of the school board of the city, will add to the subjects one of the dialects of the Chinese language. This is the Shanghai dialect, which is very commonly used among Chinese people. It will be taught by a former chief inspector of the health department in that city.

In the circular letter covering the teaching of this subject, the following information is given: "The Shanghai dialect is that in use in Shanghai and its environs, and is the language insisted upon by the Municipal Council of Shanghai for all their male and female employees, such as members of the police and other departments, as well as nurses in the various hospitals under their control, and for knowledge of which the council pays a bonus. It is also extremely useful in various commercial occupations such as steamboating, lumbering, fishing, etc."

"Any person of either sex who is contemplating taking service under the Shanghai Municipal Council, in the capacity, as well as those taking up commercial occupations, will find it very much to their advantage to take this course. A very good ground work can be put in here in Victoria, as the instructor is fully competent to give tuition, having studied and spoken the language for twenty years. The class will meet tonight at 7:30 o'clock in the High School. For further information telephone School Board office, G 1413."

Lower Charge on City Borrowings Will Be Sought

The City Council was officially advised, at its meeting Monday night, that the Bank of Montreal had reduced the interest rate on civic borrowings from 5 to 4 1/2 per cent. It was decided to refer the matter to the finance committee, with a view to negotiating for a bigger reduction, since the drop in the savings account was one-half of 1 per cent.

Alderman Andrew McGavin suggested that if its rate were not lowered to 4 1/2 per cent, the city change its bank.

Luigi Galvani, famous Italian physician and anatomist, was the discoverer of current or "galvanic" electricity.

DEAFNESS Headnoises, Catarrh QUICKLY RELIEVED.

These dreaded afflictions quickly respond to the Aurine method. Over one-half million people have enjoyed prompt relief. You may be a chronic long time sufferer, you may have tried many things without relief, but do not give up hope before you know what Aurine has to offer. Dr. E. J. Knight, M.D., said, "Aurine helped cases I had given up as hopeless. A truly remarkable scientific remedy."

Letters of Napoleon To Be Sold

LONDON, Nov. 6 (CP-Havas).—Almost a century and a half after they were written, 318 letters of a "strong man" of another epoch will be sold by auction here December 17. They are the letters of Napoleon Bonaparte to the Empress Marie-Louise, all couched in affectionate terms, and revealing that the "strong man" of the nineteenth century who could lead and destroy large armies had a kindly heart and a definitely sentimental streak in him.

SAYS C.C.F. SOON TO TAKE CONTROL

Mrs. R. P. Steeves, M.P.P., Explains Party Will Establish Planning Commission Shortly

With perfect confidence that they will shortly take over the Government of British Columbia, the Co-operative Commonwealth Federation will soon set up a planning commission to decide just what course of action they will take upon assuming control.

This was part of the message delivered by Mrs. R. P. Steeves, M.P.P. from North Vancouver, Monday night, when she spoke before a gathering of C.C.F. supporters in the C.C.F. Hall, Port Street.

Denouncing every new scheme set forth within recent months by the Federal Government and the Provincial Government, Mrs. Steeves was warmly applauded during her address.

THE PRESENT SYSTEM
The member for North Vancouver was insistent, in her declaration that the present capitalistic system was in its last stages of decay. Other countries had realized this and the people had overthrown the old, persecuting regime before it had completely crumbled. As Canada today looks downward on backward countries, just so will Russia, Germany and other socialistic-minded and governed races look down on Canada within a few years, unless the people of this Dominion hearken to the call of the C.C.F., Mrs. Steeves asserted.

Under a socialistic system, as the C.C.F. would set up, the speaker declared, all would be given mental freedom, fitted and provided for the work to which they were naturally suited, and each would be given a full and strong voice in the handling of the affairs of the country.

ELECT OFFICERS OF JUNIOR BODY

Children's Section of Maccabees Conduct Annual Meeting—Hal-low'en Party Held

Officers of Queen City Court Lodge, Junior Maccabees, Capital Tent No. 2, were elected at a recent meeting of the organization.

The officials include past commander, Kenneth Cosby; lieutenant-commander, Eric Stuart; recorder, Ida Stansfield; chaplain, Viola Phelps; sergeant, Phyllis Williams; first guard, Vina Whyte; second guard, Betty Luck; Maccabee flag bearer, Marion Holt; sentinel, Norman Taylor, and golden deeds recorder, Amy Whitby.

Following the general meeting, a Halloween party was held. Refreshments were served by the ladies' committee, including Mesdames Chappell, Luck, Taylor, LeRoy, Phelps, Stansfield, Whyte, Voyle, Eastwood, Bearpark, Gillan and Knowles.

District Manager Sir Knight Frank LeRoy, Commander Angus Chilton and Sir Knight Charles Lewis assisted materially to the party.

CONFERENCE HELD

The first of a series of leaders' conferences on boys' work was held on Sunday in the Y.M.C.A. under the auspices of the Boys' Work Board of Greater Victoria. Twenty-one persons interested in boys' work were present. The devotional period was led by Rev. J. H. A. Warr, while Rev. C. G. MacKenzie discussed "Local Projects in Boys' Work." Rev. Gordon Boothroyd spoke briefly on boy psychology under the general title of "Boyology."

FIRM RELIES ON TRAWLERS

Affairs of Eastern Fishing Company Reviewed at Ottawa Inquiry

OTTAWA, Nov. 6 (CP).—The Maritime National Fish Company, the largest processors in Eastern Canada, have bought less and less fish from individual fishermen in recent years, relying on their trawler catch for their volume, the Mass Buying Commission learned today. Affairs of the company were reviewed all day and will continue tomorrow.

In 1929, the companies now forming the Maritime National bought 31,366,440 pounds from fishermen in Halifax and along the coast. The trawler catch that year was 21,861,944 pounds, approximately 40 per cent. In 1933, individual fishermen provided the company with 8,265,572 pounds and the trawlers 20,988,363, or 70 per cent.

F. A. Nightingale, Halifax auditor, who investigated the company's books, said it cost more money to make purchases from fishermen than to operate trawlers.

IS LARGE CONCERN

The Maritime National, formed in 1921, is owned by the Atlantic Coast Fish Company of the United States and controls several subsidiaries, including the Maritime Fish Corporation, National Fish Company, Ltd., Festerlat, Limited, National Laboratories, Prospect Trawlers, Ltd., and the Golden Ray Fishing Company. In contrast to evidence presented last week that Maritime and Gaspe fishermen netted \$100, \$150 and \$200 for a season's work, Nightingale said the Maritime National's trawler captains averaged \$4,971 for the last five years and the mates \$3,127. The chief engineers of the three trawlers averaged \$1,981, the fishermen \$1,347 and the firemen \$924.

Fishermen who have appeared before the commission have protested against use of trawlers and urged their prohibition. The number was cut in 1927 from fifteen to three.

REPORTS ON SALES

The auditor's report showed that the company had decreased its sales, but, at the same time, cut its expenses since 1929. Six executives in 1929 had total salaries of \$63,716 and, in 1933, five drew \$30,451.

In Montreal certain larger merchants were given differentials from one-quarter to one-half of the price paid to smaller buyers, Mr. Nightingale said. The differentials in Toronto ranged from one-half to two cents. In Quebec the larger dealers purchased at two cents a pound under the smaller ones, while similar differentials obtained in

R. W. MACKENZIE NEW PRESIDENT

Elected Head of Victoria Kiwanis Club—Dr. A. M. Menzies Vice-President

Rowan W. MacKenzie has been elected president of the Kiwanis Club for the coming year. His selection to preside over the organization was made by acclamation and was announced at yesterday's meeting. He will succeed S. J. D. Clark, last year's presiding officer.

In addition to Mr. MacKenzie's election, the vice-president, Dr. A. M. Menzies, and the treasurer, A. D. King, were also selected by acclamation to serve on the executive.

At the annual meeting, which is to be held next Tuesday evening, seven directors will be elected. There are eight names placed in nomination for directors, W. Ellis Brown, Richard M. Williams, A. Dowell, E. Dickinson, W. E. Draper, Dr. A. C. Cook, Allan D. Ballantyne and N. C. Stickley.

ADDRESS WILL BE EDUCATIONAL

Real Estate Board to Hear Superintendent of Experimental Station on Soil Subject

An educational meeting for the members of the Victoria Real Estate Board will be held on Friday in Spencer's dining-room, when E. M. Straight, B.S.A., head of the Sidney Experimental Station, will address the gathering. His subject will be "The Soils of Southern Vancouver Island." The meeting will begin at 12:30 p.m.

The speaker is specially well qualified to deal with a subject of this kind, and it is anticipated that there will be a large attendance of mem-

bers of the organization who will have the opportunity afforded them of gathering additional information relative to the resources of the district by an expert on the subject.

PR. RUPERT STREET AGAIN GIVES WAY AS FUNERAL PASSES

PRINCE RUPERT, Nov. 6 (CP).—In almost the same spot where the sidewalk gave way and precipitated down a twenty-foot embankment at a recent Japanese funeral, an automobile plunged over the embankment at a funeral here, yesterday. A young girl who was in the car at the time was shaken up, but not seriously injured.

Help Kidneys With Doctor's Advice

Doctor Tells About Successful Prescription That Is Helping Thousands of Men and Women Win New Health and Energy

A Physician with 30 years' experience recently said: "It is a shame that so few people realize the tremendous importance of their kidneys in maintaining bodily welfare." There are nine million tiny tubes or delicate filters in your kidneys which must work night and day in removing poisonous wastes and acids and thus purify your blood or slowly but surely your system becomes poisoned.

Your blood circulates through your kidneys four times a minute or more than two hundred times an hour, so it is easy to see that your kidneys may be the real cause of much trouble. If you suffer from Getting Up Nights, Leg Pains, Nervousness, Stiffness, Burning, Smarting, Itching, Acidity, Rheumatic Pains, Lumbago, Loss of Energy, Dark Circles under the Eyes, or Dizziness, don't waste a minute. Try the Doctor's remarkably successful Prescription called Cystex (pronounced Sias-tex). See for yourself the quickness with which this modern prescription goes to work to help you.

Cystex is not an experiment—it is quick and sure in action—it has been tested and proved in thousands of cases, and doctors and druggists approve of its pure ingredients. Dr. C. Z. Rendelle, well-known Physician and Medical Examiner of San Francisco, recently wrote: "Since the kidneys purify the blood, the poisons collect in these organs and must be promptly flushed from the system; otherwise, they re-enter the blood stream and create a toxic condition. I can truthfully commend the use of Cystex. It starts work in fifteen minutes and is a gentle aid to the kidneys in their work of cleansing out toxins and poisonous waste matter. It soothes, tones, heals and cleans raw, sore, irritated bladder and urinary membranes."

The Doctor's Prescription known as Cystex (pronounced Sias-tex) is offered to sufferers from Kidney and Bladder troubles under the fair-play guarantee to fix you up to your complete satisfaction, or money back on return of empty package. It's only a dose. Ask your druggist for Cystex today and see for yourself how much younger, stronger and better you can feel by simply cleansing out your kidneys. Cystex must do the work or cost you nothing.

Doctor's Advice Helps Sufferers

Doctors and Druggists everywhere approve of the prescription Cystex because of its splendid ingredients and quick action. For instance, Dr. Geo. B. Knight, Physician of Camden, N.J., recently wrote the following letter: "When the kidneys don't function properly and fail to promptly throw off the waste matter strained from the blood, aches develop in muscles and joints, appetite suffers, sleep is disturbed and the patient is generally run-down and suffers from lowered vitality. Cystex is an excellent prescription to help overcome this condition. It is assimilated by the system in short order, and starts its beneficial action almost immediately. Cystex contains no harmful or injurious ingredients. The soothing effects of Cystex in cleansing out accumulated toxins and its very definite acid-neutralizing action are all important in overcoming symptoms of functional kidney disorders. I consider Cystex a prescription which men and women in all walks of life should find beneficial in the treatment of functional kidney disorders." (Signed) Dr. George B. Knight.

Dr. G. B. Knight

Will You Believe Your Own Eyes ?

Is Your Set Like This?
The tubes in this radio are "Shielded" with metal cans—used discarded this method three years ago.

You Are Looking in the Back of Two Radios

This Is The Rogers Way
Here are the Famous Rogers "Spray-Shield" Tubes—with the metal shield blasted right onto the glass, this eliminates vibration, overheating, distortion and improves reception.

Before Buying—Make This Two-Second Test!

A two-second test with your own eyes will tell you whether the new radio you buy is truly modern, and really efficient. Look at the tubes in a radio! If they are covered with metal cans it is the method of shielding, which we discarded three years ago.

The new system of "shielding" tubes (and almost every tube in every radio made since) is to blast the metal shield, in a fine molten spray, right over and into the glass bulb and the base, thus providing a perfect glass shield more binding than the bark on a tree and more lasting than the tube itself.

These new "spray-shield" tubes have seven distinct points of superiority and improve radio reception in five different ways. Three of the greatest radios in Canada

have been licensed to use these tubes exclusively: Rogers, Majestic, and De Forest Crosley Radios.

Each spray-shield tube is both tube and shield in one. Yet they cost no more than an ordinary tube and are the only fully guaranteed tubes supplied in any radio!

Now in their third year of actual operation in Canada, from Coast to Coast, they have proven their quality. Wise radio buyers, seeking the utmost in purchasing value for their radio dollars, will insist on spray-shield tubes. A few years from now, when they seek to trade in the old radio, spray-shield tubes will increase its resale value. Only selected, authorized Rogers, Majestic and De Forest Crosley dealers can sell radios equipped with spray-shield tubes.

... LOOK AT THE TUBES IN A RADIO ...

Accept No Substitutes. Insist on Spray-Shield Guaranteed Tubes.

The new 1935 models now on sale by authorized dealers embody all the new features and offer world-wide reception

DUKE OF KENT

The Dukedom of Kent, which has been bestowed on Prince George, carries with it the titles of Baron Downpatrick and Earl of St. Andrews. This is the first time that Downpatrick makes its appearance as a peerage title. That of St. Andrews has been in existence since 1789, when it was used to form part of the Dukedom of Clarence then conferred by King George III on his third son, Prince William Henry, afterwards King William IV. The first Earl of Kent was Odo, Bishop of Bayeux, half-brother of William the Conqueror. From 1225 to 1243 the earldom was held by the great Hubert de Burgh, Justiciar of England. It was then conferred on Edmund of Woodstock, the youngest son of King Edward I. His sons afterwards held the earldom and from them it passed to his sister Joan, the Fair Maid of Kent. It remained in the family until Edmund the ninth Earl was killed in battle in Brittany in 1408.

The earldom, in 1461, went to a grandson of John of Gaunt and in 1465 to Edmund Lord Grey of Ruthin, a great-nephew of King Henry IV. The title remained with the Greys until 1740. In 1706 the holder was created a Marquess and in 1710 a Duke. The dukedom is connected with what is historically one of the most famous counties of England, a county of which, in 450, Hengist, the Norse invader, was King and where, 200 years later, the Saxon Aethelstan held sway. The title lapsed in 1740 until 1779, when it was revived and conferred on Edward Augustus, the father of the late Queen Victoria. Her great-grandson George is the third Duke and the second of royal lineage under the Hanoverian and Windsor dynasties.

A EUROPEAN DANGER SPOT

In approximately two months' time the residents of the Saar Basin will be deciding, by plebiscite, whether they wish to return to Germany, become French or retain the status quo. The latter is the method of administration they have had since the Treaty of Versailles, which decreed an international commission of five members nominated by the League of Nations. In effect what the Saar will be deciding is its verdict on two years of Hitlerism, although it has never experienced that form of government. The population, however, is German, and, normally speaking, would return an overwhelming vote in favor of re-inclusion in the Motherland.

The residents of the Saar are mostly Catholics and mainly industrial workers. In their latter capacity they are favorable to the National Socialism of Herr Hitler. In the former capacity they do not see eye to eye with Germany's ruler in his treatment of church matters. It is significant of this attitude that one speaker in the campaign now going on in the Saar should have said: "In the Saar today we are, thank God, still free. Some day we all want to go back to a Germany which leaves our holy mother, the Catholic Church, to work in peace." There is undoubtedly great indignation in the Saar because of Hitler's attitude towards religion. That indignation culminated in the murder of Chancellor Dollfus of Austria.

The voting in the Saar is on January 13, and between now and then the tension will increase. Some commentators speak of the possibility of a European war developing. An easy victory for Germany in the plebiscite would mean a vindication of Hitlerism. It is doubtful if Germany would remain supine if the status quo is approved. The Saar voting itself into France is an eventuality that is regarded as impossible. The voting is to be by groups of communes, and the regulations governing the plebiscite decree that the League is to apportion the territory accordingly. Thus there is the possibility of partition, and that is something to which Germany will not consent. The Saar Basin presents grave possibilities of disturbing the peace of Europe.

DEFICITS OF \$644,000,000

The case for unification of railway control in the Dominion is based wholly on the desire to save the taxpayers money and thus lead to more prosperous conditions. The transportation problem is the greatest with which the country is confronted. National ownership has placed a millstone around the neck of the people. The character of that millstone has been explained by Mr. E. W. Beatty, and perhaps never more convincingly than in his reply to the statements of Mr. C. P. Fullerton, the chairman of the Canadian National Board of Trustees, in opposition to unification of railway control.

The average taxpayer ought to be interested in the fact that the accumulated Canadian National deficits since 1923 now reach the stupendous total of \$644,000,000. They go on mounting every year, and will go on increasing until new methods of economy are employed which embrace the railway system as a whole. Mr. Beatty's estimate is that \$75,000,000 a year can be saved through unified control. This is the average that could be saved; in some years the result would be better; in other years perhaps not so favorable. Moreover, Mr. Beatty says that the savings proposed under unification have no relation to those which have been effected by the two companies during the years of depression. They would be savings arising from a different set of conditions and would be permanent.

Mr. Fullerton has made the statement that from 1928 onwards the Canadian National has paid its operating expenses and the interest on its bonds. The fact is, however, that the deficits for that period began at \$46,100,000 in 1929 and ended with \$96,100,000 in 1933. As matters stand and have stood with the Canadian National, there is no prospect of making the enterprise pay unless the plan for unification is put into effect. Common sense, political wisdom and ordinary business intelligence all demand that whatever is possible be done to reduce and ultimately wipe out the heavy losses now being sustained should be attempted. In commenting on the latest plea

for unification, made by Mr. Beatty, The Montreal Gazette says:

"The whole enterprise (the Canadian National) rests upon a political foundation, and there is no more discreditable episode in the record of Canadian Parliaments than the outpouring of public money in an effort to build up the publicly-owned system at the expense of the Canadian Pacific and its owners. The private investor put his and her money into the Canadian Pacific because they believed in the future of an enterprise which had been the principal non-governmental agency in the development of the Dominion. These investors believed in the good faith, if not in the gratitude, of the Canadian people. Unfortunately, they witnessed a most flagrant abuse of their confidence, a deliberate depreciation of their security, and Canadians will have nobody but themselves to blame if this ugly chapter does not react very seriously upon the credit of the country. The Dominion has already suffered from playing fast and loose with the investors, particularly in Great Britain, with the result that for many years British capital fought shy of Canadian enterprises. No institution ever did more for Canada than the Canadian Pacific has done; no institution has ever done more to enhance Canadian credit abroad; and no conceivable thing could be more harmful to Canadian credit or dishonorable to the Dominion than the persistent employment of public money in the prosecution of an industrial war against this greatest of nation-building agencies."

THE PAINTED AGE

Cosmetics are older than the pyramids, but it is the film factories that are mainly responsible for the present-day world cult of synthetic beauty. C. Patrick Thompson, writing in Britannia and Eve (London), says that the elaborate and expensive process of beautifying "turned Greta Garbo from a freckled, overweight and rather awkward Swedish girl into one of those marvelous creatures whose fabulous beauty dates an age and profoundly influences its external appearance." He points out, too, that it cost Mr. Samuel Goldwyn \$250,000 to transform a little Russian actress, Anna Sten, "from a not-very-well-turned-out good-looking into a raving beauty of matchless elegance, grace and allure."

This is an age in which all human needs and desires, legitimate and illegitimate, have been commercialized. The market of beauty has shown greater development in the last fifteen years than any other market. Advertising of beauty preparations has outstripped all other advertising. There are whole towns and provinces whose well being is dependent on the demand by women for cosmetics. Beauty factories, beyond all other kinds of factories, enjoy prosperity. Within the scope of beautification come hairdressing, lipsticks, creams, powders, hair lotions, eyebrow plucking, facials, massage of all sorts, mud packs, beauty surgery, perfumes, pedicures, manicures, eyebrow shaving, or the painting on of new ones, ear rouging, eye-shadowing, eyelashes, green or blue eyelash cosmetics, the anointing of muscles with oil, skin tonics, baths with essence, powder, and the use of depilatories, gland creams, anti-wrinkle creams, reducing soaps, puffy-eye straps, combination chin-straps, eye-bandalettes, eyebrow mullage, skin foods, reducing lotions, pore creams, deodorants, and scores of other contrivances.

There never was a more Painted Age than that of today. Cosmetics are older than the pyramids, but in the old world they were costly and few, and the technique was crude. Now painting and adorning is the cult of the many—the world's greatest industry. There seems, however, to be no poet or writer to commemorate this phase of civilization as there was to immortalize Cleopatra's Egypt and Helen's Greece.

FAITH

Dream—of immortal things!
Thought—lifting shining wings!
Vision—that strongly brings
Beauty to sight!
Not that which sense esteems
Real, but the truth that gleams
Through the soul's steadfast dreams,
Even in night.

Naught can avail beside
This, the clear star to guide
Over all stormy tide
On to the Light.
Never shall Faith forget
Standard forever set—
Cross that is flaming yet
There on the height.

—Minnie Halliwell Bowen.

The Weather

Meteorological Office, Victoria, B.C., at 7:00 p.m. November 6, 1934.

SYNOPSIS OF WEATHER CONDITIONS

The barometer remains low on the Northern Coast, and rain has been general southward to Oregon. Fair, mild weather is reported in the Prairie Provinces.

Note and Comment

By R. & D.

The ruling passion, be it what it will,
The ruling passion conquers reason still.
—Pope.

We have read the story, "From the Log Cabin to the White House." We have not read the story, "From Powder Monkey to Admiral"; possibly nobody has read it—but we heard a story this very morning of the Blue Jacket said to the Admiral. It was told us by one of the naval veterans living in Victoria. The late George Smith was a naval veteran of the Crimean War. For many years he kept a sort of house of call and refuge which we used to call a beer saloon, which in Britain is called a "pub," and which in Ontario, where they delight in camouflage, is a beverage room.

Although well-stricken in years at the time the British Grand Fleet paid a ceremonial visit to Victoria, Old George was as active as the proverbial cat (most veteran navy men are like that), and was very anxious to board the Hood, inspect a modern ship, and express his opinion of the seamanship of modern sailors. Being familiar with the formalities of the British Navy, Old George scouted around for the services of a "sponsor" (hateful but common word of radio broadcast) and was signed on the veteran who told us the story for the ceremonial job.

After the Hood had been docked with as little fuss as usually attends the docking of a small coasting steamer, and everything had been made shipshape after naval fashion, the modern veteran and the ancient mariner made their way on board, were received first by the lower ratings with true naval hospitality, not forgetting the usual rum rations, and by the officers with equal hospitality.

Then the Admiral in his cabin was told that a naval veteran of the Crimean War was on board, and the august chief expressed a wish to meet Old George and exchange some reminiscences and stories with him. The exchanges took some time, more than reminiscences and stories were exchanged.

After the company separated Old George was feeling somewhat exalted, not only by the courtesy of the Admiral but by the hospitality of the Admiral. The closing ceremonies took place on the bridge of the flagship, and when the "log" handshake was over, the ancient mariner turned to the commander and said: "Well, Admiral, all I have to say is that the British Navy is going to hell!"

This is a true story, and there may be a moral attached to it. The state of the British Navy as Old George saw it is the state of the British Navy as it always has been as veterans have seen it. It is always going to the dogs, but it never gets there. Somehow it always contrives to survive. The British Empire as the prophets see it is always going to the deminution bow-wow, but it always manages to pull itself together and weather the political and economic storms. The old ship of state has weathered many a tempest, has been buffeted and apparently in danger of disaster, but in the end she is guided into port and docked just as deftly as the great Hood was docked and secured to the Canadian National wharves in the harbor of Victoria.

If we believe all the newspaper dispatches carry as news, the British Empire will soon be confronted by another and greater crisis. The National Government is losing public favor. The Liberal opposition, practically annihilated, is joining its forces with Socialism for the purpose of overcoming the forces of Conservatism. The recent municipal elections indicate that the tide of Socialism is rising and soon will sweep everything political, economic and safe, out of its path. The common prediction is that very soon there will be the choice of either rampant, devastating Socialism or still more dangerous Fascism.

As a matter of fact the tide of Socialism has risen and is swelling because the Socialists have told the electors of Britain that a policy of national protection and Imperial preference has increased and will still further increase the cost of living to the common people. That assertion is not true. It was not true when it was said by the Liberals of Canada for partisan purposes. Facts have proven that it is false. The National Government has adopted a policy which it hopes will improve the position of the agriculturists of Great Britain.

The Socialists are not concerned about the position of the farmers. All they are interested in is high wages for the workers and low prices for the food the workers consume. They would sacrifice the farmers and cast off the Dominions for the purpose of advancing their narrow, selfish interests. Their leaders are blind, and their followers are blind.

THE COLONIST IN LONDON

The Colonist may be procured at the International News Stand, of Messrs. Selfridge & Co., Oxford Street.

They will not see that if the system they advocate be adopted all the institutions upon which they depend for existence will be destroyed and that the British Empire will be on the road to hell. But when the crisis in Britain becomes a reality, it will be met as it has been met before. The leaders of sound and sane public opinion will awake from their present state of lethargy or indifference. The truth of the matter will be proclaimed, and the eyes of the people will be opened and they will see the truth.

Letters to the Editor

A letter to the Editor will be inserted except where the signature and address of the writer. This rule admits no exceptions. No letter should exceed 500 words in length.

TORTOISE-SHELL TOM

Sir,—Telegraphic dispatches in yesterday's Colonist (November 4) contained a more or less interesting item regarding "the possible existence of a genuine tortoise-shell male cat in Prince Edward Island." The statement to the effect that "there has never been known to exist a tortoise-shell male cat" is erroneous.

For the benefit of the uninitiated, it may be well to note that the tortoise-shell is also referred to as the Spanish cat, and displays a very marked contrast to the tabby varieties. The color is somewhat reddish tawny, or sandy, more or less thickly spotted with irregular blotches of black. We are told that the tortoise-shell male cat is a treasure often sought, but very seldom found, and so far as I am aware, there has been but a single specimen of the pure tortoise-shell male cat exhibited, this having occurred at the Crystal Palace Show. Very fine specimens, however, of tortoise-shell toms with white markings have frequently figured at these shows.

It has been well said that "to those who have no appreciation of the beautiful in animal life a cat is a cat, and nothing but a cat," but it was no less an authority than the famous animal painter, Mr. Harrison Weir, F.R.H.S., to whom the world was indebted for the very first cat show, which took place at the Crystal Palace, July 13, 1871, since when they have never ceased to occur at least annually.

And now we have Toronto, with her Royal Winter Fair, not the least pleasing display of which is the annual Cat Show, where every exhibit is groomed to the nth degree and proves a shining example to the truth as expressed by Mr. Weir. The company separated very first Cat Show." After being thanked by the directors of the Crystal Palace, Mr. Weir said: "My idea for holding a show was that the cat was a truly useful domestic animal, though a much neglected one, and if I could only induce the multitude to take a pride in their cats, and select them more for their beauty and ultimate value in the market, I might achieve a good result in the way of kindly treatment of an animal much neglected by some."

So, here's to Toronto and her Royal Cat Show, and may we hear more of her tortoise-shell toms! Such would, indeed, be "a plume in Canada's cap." However, there must be neither white nor cream in it!

I thank you, Sir, as always, for your most valuable space.

MARY H. RATHBON.

1415 Gladstone Avenue, Victoria, B.C., November 5, 1934.

THE SPIRIT OF GOD

Sir,—From the general trend of your correspondent's letter in last Sunday's issue of The Colonist, I gather that he infers I have made an attack upon Moses. May I repeat that I was simply giving instances of the "primitive intelligence" in the people with whom Moses was dealing. I would consider Moses to be one of the greatest men that ever lived. He was far ahead of his time and generation, yet with all his greatness you cannot put a twentieth-century head on his broad shoulders.

He belongs to the era in which he lived, and even though he had great faith and looked to God for guidance in every step of the great task of leading the children of Israel out of Egypt into the promised land, yet his capacity to receive Divine inspiration was of necessity limited to the intelligence of his mind in relation to all the problems that confronted him.

Millions of years before Moses was born, the creator of the universe knew of the latent powers in the etherial spheres such as were surrounding Moses, but he used none of these sources of contact to give to Moses inspiration and guidance.

God's great broadcasting system was super-abundant and perfect in operation, but only a very small proportion of such inspirational contact could filter through to Moses because of the static (human inability to comprehend, imperfect knowledge, inherited prejudices and acquired beliefs) which surrounded Moses, as in the case of all human beings. We are so apt to magnify the importance of man, and to think of God as having nothing to do but look down on this puny world of ours and feel as impatient at getting things done as we do and look at events as we do.

There may be millions of beings in other worlds of the universe, with other kinds of humans with problems to solve, and the great eternal spirit of God rules and operates them all in harmony and precision in limitless time.

But "a house divided against itself cannot stand"; God in religion must be harmonious, with God in nature. The Creator cannot deny himself. Nature's laws are direct, and act impartially for good or ill. The laws of Moses are indirect and are subject to facts in nature in their operation and usefulness. Jesus said: "Ye shall know the truth, the truth that liberates you. Now we see through a reflector, hastily, later we face reality. Now we know in part." When I consider the strictly just and impartial character of God in the realm of men and nature, I cannot see how He can be a party to a scheme of favor and preference to one particular race in His human family or to show human likes and dislikes in His dealings with races.

To my mind such a belief would develop bitter resentment, hatred, jealousy and racial strife and war. This, to my mind, is a selfish, unchristian attitude to take towards any of God's created human beings.

The sun shines impartially on all alike; so is my conception of God in His blessings to man.

JAMES MOYER.

115 Regina Avenue, Victoria, B.C., November 5, 1934.

THE JEWISH PEOPLE

Sir,—May we be permitted once again to use your valuable paper to make an appeal on behalf of the Jewish race (all the descendants of Abraham, Isaac and Jacob), and in thus appealing, reiterate God's blessing on those that bless them, and curse those that curse them! Many of us have been carried away by literature or lectures denigrating to God's earthly, chosen people. The "protocols" have been read and explained to us as originating with the Jews; others again have read and explained to us these same "protocols" as being a wicked forgery, the object of which is to deliberately spread anti-Semitism! Who and what are we to believe? Personally, we believe it to be a forgery! When in doubt, British justice gives the alleged culprit the benefit of the doubt, and we would do well to follow that magnanimous example!

If we suppose for a moment that Jews are behind all the great crimes and movements which so mysteriously disturb the world, surely not more than a few hundreds of them could be involved in it, and shall we suppose that more than sixteen million known Jews, for the deeds of a comparatively few?

When in the Epistle of James, the Lord depicts the evil perpetrated by a certain class of people, His intention is not that we rebel against that particular class of people, but rather, as we read further on, that we be "patient, brethren, until the coming of the Lord" (James 5: 1-11).

The hatred for the Jews is spreading rapidly, our own country not being immune from it; the motives every opportunity to make its rule felt. Shall we as Christians help to spread that spirit of hatred whereby millions of innocents are made to suffer? What we owe that remarkable race of people in spiritual blessings (for have they not given us our Bible and our Saviour the Lord Jesus Christ?) outweighs by far all the material inconveniences a few of that race are supposed to cause us to suffer from.

Moreover, the day is not far distant when God shall reassemble according to His infallible promise the twelve tribes of Israel now scattered all over the world, when their now well-nigh 2,000 years of wandering shall come to an end, as the God-ordained forty years of wandering in the wilderness will come to an end, and they shall possess their Promised Land.

The sign of the present-day setting in Palestine of about 300,000 Jews, is precursor of the final fulfillment of the now 4,000-year-old promise of the Lord to Abraham, when all the nations of the world shall be blessed in and through Israel!

On the authority of God's Word our advice is that we abstain from any participation, however small and apparently insignificant, in fanning the sparks so ready to burst into flames. Let us remember that salvation is of the Jews, not their wonderful Code of Laws nor their economic system, but the Lord Jesus Christ, the fulfillment of the Law, the bringer of Salvation; our first and last Hope; all else in between has failed, fails and will fail, "till He comes!"

"Therefore be ye also patient; stablish your hearts; for the coming of the Lord draweth nigh! Even so, come, Lord Jesus!"

L. J. ECKMAN.

40 Wellington Avenue, Victoria, B.C., November 5, 1934.

REMEMBRANCE DAY

Sir,—Surely the Legionnaires of Victoria have also forgotten what Remembrance or Armistice Day stands for. It seems as if they are dictating to the people generally what form the parade and religious ceremony will be. What quaint concept some of these Legionnaires have as expressed by the recent letter by W. J. Moss, suggesting that the army

salute the living veterans, and yet in that letter is the self same spirit that is growing amongst many of our Legionnaires, saying: "Remembrance Day is our day, and let majority rule even to the curtailing of the religious service at the Cenotaph."

Remembrance or Armistice Day is for those men who gave up their lives on the field of battle and their relatives, and an occasion on which the whole Empire honors them by a two-minute silence, and should be from a Legionnaire's viewpoint, viz., to sacrifice a short portion of his time to join with the navy and military forces, together with all patriotic bodies of his town in a parade and religious ceremony at the Cenotaph.

That is how it started in Victoria and was duly observed with all the eclat possible under good discipline and leadership. What has it degenerated to? Take last year's shuffle, one does not call it a parade; military units coming from one direction, patriotic bodies from another, and a sullen, disgusted collection of returned men and veterans, badly handled; no band, no discipline, shambling like a Cox's army across the Bay to line up at the Cenotaph somehow.

"This year, as far as can be ascertained and by the report in The Colonist, very much the same procedure will be carried out, viz., navy and military detachments will assemble on Menzies Street; returned men and veterans will assemble on Humboldt Street. What's wrong? Incompetency or worse? If anything is worth doing, do it well, is an old saying, very true.

Surely a combined parade of navy, military forces, civil and patriotic societies, together with returned men and veterans, marching together under leadership to the Cenotaph, and joining in a religious service according to army usage is all enough sacrifice to make once a year.

W. F. LOVELAND.

MUSIC IS GOOD**Harry J. Davis Praised What Is
Being Done in Musical Work
in Western Canada

Harry J. Davis, speaking of the musical development in the four Western Provinces of Canada, at the Kiwanis Club, yesterday, referred specially to the good record of the Arion Club here, which had been in existence for such a long time and had done so much to foster good music. He also mentioned the work of a more recent organization, the Victoria Operatic Society.

The choral work done by the four Western Provinces in bringing adjudicators of the highest standing to pass upon the competitors was a worthy accomplishment.

Symphonic music should receive more attention, but the speaker pointed out that in this work the question of financing was a great hindrance. Wealthy citizens had to be interested in this activity, which was the case in some of the cities on the Prairies.

Mr. Davis praised the work done by Saskatchewan, among the provinces, in the fostering of music. In spite of trying times, that province had restored the chair of music in the University of Saskatchewan. With Dr. Collingwood at the head of the musical movement, good work was being done there. Mr. Davis stressed the value of music in a country. It had a stabilizing and unifying effect upon the youth.

Cannes This Month**By REYNOLDS PACKARD
United Press Staff Correspondent

PARIS, Nov. 5.—Manned by American millionaires, Tahitian hula dancers, Filipino boxers and a French count, the 144-ton luxury yacht White Shadow is nearing the end of its fantastic cruise. The craft, which left Tahiti in September, 1933, and since has touched at Rapa, land of women; Samoa, Bali, Borneo, Java, Ceylon, Canna Islands, leper settlements and uncharted islets of the Pacific, will arrive at Cannes this month. The holds are jammed with tiger skins, elephant tusks, shark teeth, tapa cloth, idols, fetishes and all kinds of curios picked up in little-known lands.

CHARTERED YACHT
The yacht was chartered in Tahiti by four young Americans, just graduated from college, who met while shark-fishing in the South Seas. They are Henry Whitney and Morton Clark of New York City; Philip Carr of Dubuque, Ia.; and Frederick Hickson, of Pasadena, Cal. Their working guests include Dr. Percy Edward Swift, retired surgeon, of Pasadena, Cal., and Count Noel de Villeneuve, of Paris, son of the late French naval commander, Count de Villeneuve.

Through the entire cruise the Americans and the French count have taken their turns at the wheel and pulled on the ropes, side by side with the native sailors. Whitney and Hickson have done most of the navigating.

During a monsoon in the Torres Straits, the mainsail was torn from the mast, and the crippled yacht limped into port with the aid of its auxiliary engine, many days overdue.

"The adventures we've had are unbelievable," wrote Dr. Swift in a letter to the United Press. "There is one thing that stands out more than anything else and that is the happiness of native civilization. What a life the brown-skinned people lead. No worry about unemployment or depression. They just spear a fish, climb a coconut tree, grab a mango, stoke a wild pig and there's a dinner fit for a king."

The paid captain of the yacht is Johnny Blakelock, English and Samoan halfcast, who a few years ago held the heavyweight boxing championship of the Society Islands. The first mate is H. A. Robinson, of Sunderland, England, who was signed on at Singapore to replace Robert Cunningham, Australian poet and chess-player, who returned to Tahiti where he has a native wife.

HULA DANCERS
Among the paid crew from Tahiti are Kawa, hula dancer, of Bora-Bora; Joe Raki, hula dancer, of Maupiti; Tihoti, native paying teller and No. 1 guitar player of Tahiti; and Lulu, cook and champion coconut tree climber of Punaia.

At Fiji, other members of the Tahitian crew were replaced by Ben Valentine, heavyweight champion of the Fiji Islands; and Tommy Blakelock, lightweight boxer. They are both of half English, half Fijian parentage.

When the yacht reaches Cannes this month, it will have traversed more than 18,000 miles of sea in about fourteen months.

At Cannes, the yacht will be turned over to its owner, Theodore Wessel, of the Royal Yacht Club, of Denmark.

**J. McELFRISH IS
TAKEN BY DEATH**Resident of City for Twenty-Two
Years' Succumb—Funeral
Services Tomorrow

James McElfrish, 3277 Dubuque Street, Saanich, passed away, Monday, at his residence. Mr. McElfrish was born in Stirling, Scotland, and came to Victoria from Glasgow some twenty-two years ago.

He is survived by his widow, Mrs. Alice McElfrish, at home; one brother in Pacific Mo.; a niece, Mrs. C. Nettie, Vancouver, and two sisters in Scotland.

Mr. McElfrish went overseas in 1915 with the Forestry Corps, and served for the duration of the war. He had been a member of St. Mark's Church, Boleskine Road, and his passing will be mourned by a wide circle of friends.

Rev. O. L. Jull will officiate at funeral services to be held tomorrow at 2 o'clock at St. Mark's Church. The cortege will leave the S. J. Curry & Son Funeral Home at 1:45 o'clock. Interment will be made in Royal Oak Burial Park.

**SIDNEY RESIDENT
IS BURIED HERE**

The funeral of the late William Mulholland, of Sidney, took place yesterday afternoon. Rev. Dr. W. G. Wilson officiating in the presence of a large number of sorrowing friends. The hymns sung were "Jesus, Lover of My Soul" and "Abide With Me." The casket and hearse were covered with beautiful floral tributes.

Mr. Mulholland was a life member of the Tinsdale Lodge No. 89, A.F. & A.M., of Glasgow, Scotland. The following, all members of Victoria Columbia Lodge No. 1, A.F. & A.M., acted as pallbearers: Rt. Wor. Bro. William H. Bland, Wor. Bros. E. P. Allen, F. R. Exham, Fred Hancock, W. E. Niblock, J. R. Saunders.

The remains were laid at rest in the family plot in Royal Oak Burial Park.

**Mrs. W. M. Brazier
Called by Death**

At the family residence, 14 Logan Avenue, there passed away yesterday, Mrs. Mary Brazier, aged sixty-four years. She was a native of Cumberland, England. Mrs. Brazier resided in Winnipeg before coming to Victoria. Mrs. Brazier is survived by her husband, W. M. Brazier, at the family residence; and one son, William M. Brazier, of Vancouver.

The remains are resting at the Thomson Funeral Home, pending funeral arrangements, which will be announced later.

DIED AT NANAIMO
NANAIMO, Nov. 6.—Mrs. Eleanor Johnson, aged sixty-nine, well-known pioneer of this city, and wife of the late Ralph Johnson, who died a year ago, died in Nanaimo Hospital, Sunday. She was born in Cumberland, England, and is survived by one son, John Johnson, residing in the State of Washington. Funeral services will be held at the D. J. Jenkins Chapel, Wednesday afternoon, at 2:30 o'clock. Interment will be made in Nanaimo Cemetery. Rev. W. P. Hunt will officiate.

England's youngest Government department, the Ministry of Labor, now employs more than 24,000 persons.

**Olof Hanson, M.P.
Visiting City on
Lumber Business**

Declaring his visit to Victoria had no political significance, Olof Hanson, M.P. for Skeena, stated, at the Empress Hotel, yesterday, that his presence here had to do with logging operations and the shipping of logs from Prince Rupert to the Orient.

Mr. Hanson, besides being a member of the House of Commons, is a lumberman, being president of the Hanson Lumber & Timber Company, Limited, and the Massett Canneries Company, Limited.

He is accompanied by his wife, and plans to stay in the city for several days.

**THREE CHOSEN
ON COMMITTEE**Bob McInnes, Charlie Mor-
ton and Bob Travis to
Select Fifteen

Victoria Rugby Union made its first step towards the 1934-35 McKechnie Cup series, yesterday evening, by the appointment of Bob McInnes, Charlie Morton and Bob Travis as the selection committee for inter-city fixtures. The appointments followed a discussion on the matter at the union's meeting in The Colonist boardroom. Members of the committee last year, McInnes, Morton and Travis, all occupying managerial roles in local oval ball circles, are well fitted for their important assignment, and should weld together a well-balanced Victoria fifteen for the McKechnie Cup series.

Definite action in the inter-city competition will be delayed until the next meeting of the British Columbia Rugby Union, which is expected to be in the very near future.

President Carew Martin informed the executive that His Honor the Lieutenant-Governor, Premier Pattullo, and probably Mayor Leeming, the senior naval officer of Esquimalt Naval Barracks, and the general officer commanding M.D. XI, will attend the All-Army Rugby game between the Canadian Scotch and the Fifth Regiment at Macdonald Park, Saturday afternoon.

LANDS AT PORT DARWIN

PORT DARWIN, Australia, Nov. 6 (CP-Havas).—Freds Thompson, British aviator, landed here at 9:30 a.m. today (10:21 p.m. E.S.T., Monday), on her solo flight by easy stages from London to Australia.

**PHANTOM ELK
HERD IS FOUND**Also "Dall" Sheep, Once
Thought Extinct, Are
Discovered

EDMONTON, Alta. (UP).—Discovery of the famous "phantom herd" of elk in the remote Yukon country, 300 miles north of any herds authentically reported by sportsmen in recent years, is reported by an expedition headed by Harry Snyder, Montreal oil man and M. J. Shearer, of Rifle, Col., who have just returned from a six weeks trip in the wilderness.

The expedition also reported finding evidence that the once believed extinct "dall" sheep, all-white animals with jet black tails, still are roaming the wilds of Northern British Columbia. The expedition plans to return next year to capture a few specimens.

Snyder said the party came across the "phantom herd" of elk seventy miles north of the Muskwa River.

"We have heard for about fifteen years about this herd of northern elk until it had become something of a myth among big game hunters," he said. "But we definitely found them this time. There are about 200 animals in the herd and they seem to be thriving."

**WELFARE DRIVE
IS CONTINUED**Citizens Urged to Donate
Whatever They Are Able to
Achieve Objective

An anonymous donor gave the Friendly Help Association's campaign to raise \$43,000 a decided spurt yesterday when he subscribed \$500 to the fund, bringing the total to \$21,510.50.

However, this is still only half of the amount that is required, and citizens in general are asked to make some small sacrifice and endeavor to contribute to the fund be it only fifty cents. No contributions will be rejected. Every possible five-cent piece is needed if destitute families are to be taken care of this winter.

Stewart Clark, campaign manager, yesterday again reminded merchants that they could subscribe to the fund by donating scraps of paper. More widespread response to the appeal that has been made for funds is necessary if the objective is to be reached before the Christmas season.

UP FOR RATIFICATION

PARIS, Nov. 6 (CP-Havas).—The Franco-Canadian Navigation Convention, signed at Ottawa, 1933, today was presented to the Senate for final ratification. It already has been adopted by the Chamber.

**"It's amazingly rich in
Hormone-like substances"**

**explains
DR. R.E. LEE,**

**"... that's why this new
yeast acts quicker!"**

DR. LEE, Director of Fleischmann Health Research, explains: "Discovered by a great medical scientist, it's an entirely new 'strain' of yeast!"

**Hundreds of patients
relieved in 25 tests**

Doctors throughout the medical world tested this new "XR" Yeast thoroughly. They report: "Amazing results!" "Twice as quick-acting!" "Constipation-indigestion-skin troubles—run-down condition—corrected astonishingly!"

Hormone-like substances abundant in "XR" Yeast explain why it speeds digestive juices and action... acts so much faster.

**Constipation, Indigestion and related conditions
corrected much sooner. (Newly added Vitamin A checks colds!)**

THINK OF IT!... a new yeast so much quicker acting that it astounds doctors. If you have any questions, read these answers by Dr. Lee:

- 1. Why does "XR" Yeast act quicker?**
Because it's a stronger "strain" of fresh yeast than any known before, much more vigorous, and so... faster acting inside you! It's rich in hormone-like substances.
- 2. What are these Hormone-like Substances?**
They are "activators" (like natural body stimulants) which speed the flow of your digestive juices and strengthen digestive muscles from the stomach right on down.
- 3. Will it correct Constipation and Indigestion faster?**
Yes! By making juices flow fast and muscles work harder inside you, "XR" Yeast makes food softer—better digested. It "normalizes" you. Much different from harsh cathartics!
- 4. Do Skin troubles stop Sooner?**
The most common skin blemishes come from self-poisoning caused by your digestive system not working properly. "XR" Yeast corrects this condition quickly. Your blood improves, skin gains "tone." Pimples, boils, etc., should disappear in much shorter time!
- 5. Will it counteract a "Run-down" Condition?**
If you're "always tired," it may be because poisons from the intestines are affecting your nerves. "XR" Yeast checks poisons—helps you get more "good" from your food.
- 6. What new Vitamin has it?**
"Infection-preventing" Vitamin A, newly added to help combat colds. "XR" Yeast also builds resistance to colds by cleansing your body. With Vitamins B, C and D, Fleischmann's "XR" Yeast now contains 4 vitamins!

START NOW TO EAT 2 CAKES of Fleischmann's "XR" Yeast every day—plain, or dissolved in one-third glass of water—preferably half an hour before meals.

It's a food. So keep on after you've got quick results, till you're really well! Discontinue cathartics gradually. Get a supply of Fleischmann's "XR" Yeast today!

● "Fleischmann's new 'XR' Yeast is much faster than the old," writes Mrs. Helen Van Pelt. "My whole system was sluggish... I had headaches, no appetite. I started eating the new 'XR' Yeast and in just a few days felt grand."

(As good as ever for baking!)

Is Not Worrying

TORONTO, Nov. 6 (CP).—Charlie Conacher, right wing scoring ace of the Toronto Maple Leafs, who has been suspended by Manager Conny Smythe for failing to sign a National Hockey League contract, said today he was not worried over the situation and that he was going to hold out until he got more money.

JUVENILE SOCCER

Juvenile soccer fixtures carded here on Saturday morning follow:
Under Sixteen—St. Louis College vs. Capitals, Victoria West Park; referee, H. Sage.
Hill's Corner vs. Esquimalt, Central Park; referee, Humphrey.
Under Eighteen—Victoria City vs. Marigold Acres, Heywood Avenue; referee, H. Holmes.
Oak Bay vs. Victoria West Cubs, Oak Bay Park; referee, W. J. Cull.
All matches commence at 10:30 o'clock.

Lao-Tse was an ancient Chinese sage, reputed founder of the philosophy known as Taoism.

Cheer up!

IF YOU FEEL
OUT-OF-SORTS
...Take Sal Hepatica

Isn't it, to drag through life feeling tired, dull, listless? Doctors say that the commonest cause of that "half-sick" feeling is accumulated wastes in the intestines that spread poisons all over your body.

Gently—more quickly—Sal Hepatica flushes away poisonous wastes from your system. It is amazing then to note how quickly that tired feeling vanishes. How soon you feel like a new person.

SAL HEPATICA
The Mineral Salt Laxative
Made in Canada

VICTORIA TO HONOR DEAD AT SERVICE

Programme for Remembrance Day Announced by Legion Secretary

OFFICIALS TO PLACE WREATHS ON CENOTAPH

Victoria will pay homage, on Sunday, to the honored dead of the Great War.

Final details for the ceremonies at Parliament Square were announced last night by C. A. Gill, secretary of the District Council of the Canadian Legion.

The tenor bell at St. Andrew's Presbyterian Church will toll at intervals of twenty seconds from 10:45 until 11 a.m., and the fading of the echo of the last stroke will immediately be followed by the firing of a gun denoting the start of the two-minute silence. The gun will be fired again at 11:02 o'clock.

Hon. J. W. Fordham Johnson, Lieutenant-Governor, will place the first wreath on the Cenotaph. It is expected there will be a full representation of government and civic administrations.

VETERANS ASSEMBLY
All veterans taking part are asked to fall in promptly at 10:15 o'clock, wearing muff, medals and poppies. The assembly point will be on Humboldt Street, between Government and Douglas Streets. Units and ex-service organizations will not be known as such, all veterans acting as one group.

Lieut.-General Sir Percy Lake will take command of the ex-service men after the parade has been mustered by Sergeant-Major Leslie Scott. The parade will be headed by the Britannia Branch band and the standard bearers of various organizations. Positions will be taken up at the Cenotaph by 10:30 o'clock. Seating accommodation has been arranged for a number of disabled veterans. Sons of fallen soldiers are invited to march in the parade, wearing their fathers' medals.

RESERVE POSITIONS
Positions, as formerly, have been reserved for the local chapters of the I.O.D.E.; Overseas Nursing Association; ex-Service Women's Auxiliaries; Girl Guides; Boy Scouts; Sea Cadets; Alliance Francaise and others. Groups to direct these several bodies to their respective places on hand at the War Memorial, wearing identifying arm-bands.

Immediately following the two-minute silence, the services will commence with the singing of "O Canada." Pipe Major Wallace, of the Canadian Scottish, 16th C.E.F. pipe band will play "Flowers of the Forest," a lament. This will be followed by a hymn, "O Valiant Hearts."

TO OFFER PRAYER
Captain the Rev. Frank H. Buck will offer a prayer and lead in the "Lord's Prayer." The "Last Post" by a bugler, another hymn, "The Silent Tribute," and the sounding of "Reveille" will bring the programme to a conclusion. Accompaniments will be played by the brass band of the Canadian Scottish Regiment.

Wreaths will be placed on the Cenotaph by the Lieutenant-Governor, Rt. Rev. C. D. Schofield, Bishop of Columbia; a representative of the Bishop of Victoria; Premier T. D. Pattullo; Commander G. S. Jones, senior naval officer, Esquimalt Naval Barracks; Major-General E. C. Ashton, officer commanding Military District No. 11; Sir Percy Lake, grand president, Canadian Legion; Mayor David Leeming; representatives of bereaved mothers and representatives of ex-service men's organizations.

At the conclusion of the service and after the veterans and naval and military detachments have moved away to dismissal points, all citizens desiring to place wreaths are requested to do so and reverently file past the Memorial.

READY TO SEND TROOPS IF ASKED

France Denies Special Military Movements in Saar Ordered—Germany Regarding Treaty

PARIS, Nov. 6 (AP).—Foreign Minister Pierre Laval today told Roland Koester, German Ambassador to France, that France stands ready to send troops into the Saar Basin if the League of Nations so requests.

He denied, however, that special military movements already have been ordered.

(Residents of the Saar vote, January 13, whether to remain under League of Nations mandate, join France, or reunite with Germany. Anti-German spokesmen have expressed fears that Nazis might try to seize the territory by force either before or after the vote.)

The ambassador replied that Germany had no intention whatever of disregarding conditions fixed by treaty in order to assure free voting in the Saar.

SALZBURG, Austria, Nov. 6 (CP).—A member of the Austrian Nazi Legion, appearing before a court here today on high treason charges, told his judges that the Legion had been prepared in Germany for "action in the Saar."

Children's Colds
Checked without "dosing" Rub on
26c
OVER 12 MILLION JARS USED YEARLY

ARNOTT, TO PLAY FOR MAINLANDERS

VANCOUVER, Nov. 6 (CP).—Jimmy Arnott, reported as signed with Windsor Bulldogs in the International Hockey League, will play this season with Vancouver Lions of the Northwest Hockey League or not at all, Guy Patrick, owner and manager of the Lions, declared today.

Arnott performed on the Lions' defence last season and Patrick declared he is registered with the Northwest League, and is on record with the National Hockey League as a Vancouver player.

WILL DISCUSS AMATEUR SPORT

Important Items Will Be Argued at Annual Meeting of A.A.U. in East

CALGARY, Nov. 6 (CP).—E. D. Battram, honorary secretary of the Alberta Amateur Basketball Association, will represent Alberta governing bodies of team sports and may carry proxies of other Western provinces at the annual meeting of the Amateur Athletic Union of Canada in Toronto on November 17, when revolutionary changes in the methods of controlling amateur sport in Western Canada will be discussed.

A motion will be introduced to overcome the necessity of amateur players in team sports taking out amateur cards each year and also to permit the amalgamating of amateurs and professionals in all team sports in addition to soccer and other activities now on the privileged list.

Bill Dingle, of the A.A.B.A., said today that both Walter Hardwick, Vancouver, first vice-president of the C.A.B.A., and Elsie Bennis, Edmonton, second vice-president, were in favor of a complete break with the A.A.U. of C. provided it would not prohibit inter-provincial competition. It was said there is a strong possibility of the formation of a Western Canada basketball association independent of the Dominion body if the C.A.B.A. does not fall in line with Western views. British Columbia and Alberta Basketball Associations have made the first move by forwarding to the amateur union a motion to have basketball placed on the preferred list with the Canadian Basketball Association accorded complete authority over hoop players in the Dominion without interference from the A.A.U. of C.

In the drive for complete autonomy, the C.A.B.A. and A.A.B.A. are united and have the backing of the Alberta branch of the A.A.U. of C. In addition, it is anticipated British Columbia, Saskatchewan, Manitoba and Thunder Bay branches will stand solidly behind the move. Both the Alberta Basketball and Baseball Associations have charged in circular letters to their members that the A.A.U. of C. takes more money, per player, from these sports than do the two governing bodies themselves with the A.A.U. of C. contributing nothing to local organization of games and play-offs.

Awarded Decision

TORONTO, Nov. 6 (CP).—Frankie Genovese, Toronto's 142-pound scrapper, tonight won a decision from Eddie Dempsey, of Syracuse, in the feature bout of a Maple Leaf Gardens boxing card. Dempsey gave away six pounds to the Toronto fighter and staged a great battle for the ten rounds.

Eddie Carroll, of Ottawa, 132-14 pounds, smashed out a six-round decision over George Riley, colored Detroit, who weighed 135-12.

Announcements

There is an Agency of Mind that only sensitive women who suffer from superfluous hair can understand. They distrust advertisements which offer instantaneous cures, having found the relief merely transitory. They rarely speak of their disfigurement, but just bear it in silence. To such women Miss Hanman would issue an invitation to come and see her—they will meet with every kindness and consideration, and there will be no charge whatever for consultation. 503 Bayward Building, Phone G 7642.

City and District

Moving Pictures—Under the auspices of St. Mary's Church Men's Guild, a moving picture entertainment will be given tomorrow night at 8 o'clock in St. Mary's Hall.

Minister on Mainland—Hon. John Hart left last evening for Vancouver, to attend a meeting of directors of the Pacific Great Eastern Railway, and on other departmental business.

Liberals to Meet—The annual meeting of Ward One Victoria Liberal Association will be held in the Liberal Rooms, Government Street, on Monday, commencing at 8 p.m., ward officials said yesterday.

Premier to Speak—Premier Pattullo was completing plans yesterday for a provincial-wide radio hook-up, over which he will speak, on Friday, between 7:30 and 8 p.m., through C.R.C.V. Vancouver. The Premier said he would discuss provincial issues generally, in an address that will be widely broadcast through Coast and Interior stations.

Annual Meeting—The annual meeting and fellowship supper of the Quantity Surveyors Association will be held on Thursday at 6:15 o'clock, in the Y.W.C.A. The meeting will commence at 8 o'clock. Percy Willis, Island missionary, and Rev. Michael Bilester, director of the Russian Missionary Society, will be the guest speakers.

Endorse Action—The action of the District Council of the Canadian Legion in arranging the announced Remembrance Day programme for next Sunday was endorsed by Britannia Branch at its meeting, last night. D. H. Bell and W. Pettit were initiated into the branch. D. G. Holmes was elected second vice-president to act for the balance of the year.

Railway Agent Dies—Provincial officials were advised, yesterday, of the death, at Queen's, of John Kerr, fifty-five years old, agent for the Pacific Great Eastern Railway. Mr. Kerr had been in poor health for some time, but continued at work until a week ago. He joined the provincial line in 1920, and was highly thought of in the service. Keen regret was voiced here.

Programme at Mission—A most interesting, educational and amusing programme has been planned for the Lake Hill Mission, today. Douglas Plintoff has kindly consented to entertain the audience with slides of interest to children as well as to adults. It is hoped that as many as possible will be present, as the proceeds are to be presented to the Cheer-Up Club.

Adjourn Case—The hearing of the evidence in the charge laid against J. A. Gauthier of having installed an oil burner without taking out what is claimed to be the necessary permit, was adjourned in the city police court yesterday, until Wednesday next. W. C. Moresby, K.C., who appears for the defendant, asked time, as certain correspondence was awaited from Ottawa.

Public Meeting Tonight—The public meeting to be held, tonight, at 8 o'clock, in the Chamber of Commerce, when Premier Pattullo's attitude towards the municipalities on the question of relief will be considered, promises to be of great interest to taxpayers and relief workers. The speakers will be T. Guy Duggan, Don Smith and W. White. Discussion and resolutions will follow the addresses.

More Lots Sold—At the continuation of the tax sale in the City Council chamber, yesterday morning, five more lots were sold, bringing in \$2,846.16. In addition to this amount, there were some taxes due, paid into the city treasury, reducing the number of lots to be offered for sale. Those owing taxes on the lots now offered for sale may pay the amount due and take the land off the list. The sale will continue this morning.

Rejoins Kiwanis Club—Hugh Allan was introduced at yesterday's luncheon meeting of the Kiwanis Club as a former member who had now found it convenient to rejoin the club and attend its meetings. He was welcomed back as a valuable acquisition to the club. Rowan W. MacKenzie introduced him, while Mr. Allan made reference to his former association with the club and his satisfaction in being able to attend the meetings again.

Speaks at High School—C. E. Critchley, assistant Australian trade commissioner in Canada, yesterday morning, lectured to the students of the Victoria High School on Australia and its various industries. Mr. Critchley had two reels of moving pictures, which were of both scenic and industrial interest. During the address Mr. Critchley informed the students of the essay contest now being carried on by the Australian Government.

May Be Candidate—C. J. McDowell, who acted as campaign manager for the Victoria Liberal candidates at the last provincial election and now is a member of the Industrial Relations Board, was being prominently mentioned, yesterday, in Liberal circles, as a likely candidate for the next Federal poll in this riding. The official choice of the party will be made at a nominating convention, to be held on November 19. Several others are mentioned in the same connection.

Referred to Railways—The request made by the City Council of Victoria for consideration by the Minister of Railways to the petition of the fruit growers of this district for the lowering of the differential in the express rates from Vancouver Island to the Prairies, as compared with the rate from Vancouver, has been sent to the railway companies. A letter from the minister's office at Ottawa, sets out that the matter is one for the railways rather than the minister and, in consequence, the letter has been sent to its proper place.

HUGE OAK TREE 1200 YEARS OLD

Famous Tree Contains Two Chapels—Sited Near City of Rouen

ROUEN, France (UP).—The 1,200th birthday of a huge oak tree, in which there are two chapels large enough to hold forty children, will be commemorated in July at the village of Allouville-Bellefosse, near here. The tree's exact age is not known.

Legend has it that the historic oak was visited by Charles IX, King of England, and by Louis XV, King of France. In one of the chapels is a statue of the Virgin Mary, presented by Empress Eugenie during the Second Empire.

The second chapel is located above the first and is made accessible by a wooden stairway that winds around the trunk of the tree. Nine men, with their arms extended, are barely able to encircle it.

Perhaps the only tree in the world to boast a key, the oak is locked up at night by Emile Belconcle, its

custodian. This honor has been kept in the family for centuries.

Although it is impossible to determine its exact age, botanists who have examined it are agreed that it must be at least 1,200 years old.

Has Novel Way Of Getting Even

CHATTANOOGA, Tenn., Nov. 6 (CP).—What to do about salesmen who go from house to house offering chances on almost anything? One Chattanooga woman knows the answer.

She brings out punchboard of her own and offers the salesmen a chance on a quilt for 10 cents. She finds the salesmen usually try their luck—and usually lose.

KILLED BY A TREE

VANCOUVER, Nov. 6 (CP).—Arvid Berlin, an employee of the Vedder Lumber Company, was killed by a falling tree, near Vedder Crossing, twelve miles west of Chilliwack, today. Provincial Police stated here, tonight.

tea
is good for them

There is nothing like tea for 'teen age youngsters. It satisfies their craving for refreshment; sets them up; gives them new resistance, new energy. And they like it.

Enjoy a cup yourself, frequently. At meal times, of course, and at any time during the day. For tea always refreshes; always makes the world seem brighter.

There is no need to stint on this inexpensive beverage—for BETTER TEA always gives more; more cups per pound; more and infinitely finer flavour; more health, more enjoyment.

FINE TEA is Empire-grown for Canadian homes where ANYTIME IS TEA TIME.

THE CEYLON TEA BUREAU

...nothing so refreshing as a good cup of TEA

Social Activities and Notes of Personal Interest

One-Act Play To Represent Prize Winner

Among the one-act plays by local playwrights, being presented by the Forbes-Robertson Players, under the direction of Ethel Reese Burns, A.T.C.M., at the Shrine Auditorium, on Friday evening, November 23, will be "The Loft," by Reby Edmond. Miss Edmond's play, "The Jewels of the Lure," has just been awarded first place, over several hundred entries, in the Berkeley, California, playwrights' competition for original one-act plays. This forthcoming production will be the first opportunity Victoria players have had to see her work.

"The Prodigal and the Trump," by W. G. Blackman, a sparkling comedy, has been added to the programme, bringing the evening's entertainment to approximately the same length as a three-act play, viz., about two hours. In order of presentation the plays will be "Bitty," by Dorothy V. Crighton; "Nocturne," by W. G. Blackman; "The Loft," by Reby Edmond, and "The Prodigal and the Trump," by W. G. Blackman.

The play adjudicated the best from this group will be sent to Vancouver early in December, to retain the Vancouver Little Theatre Trophy, won by the Forbes-Robertson Players last year. Mrs. J. S. Dennis, Captain T. L. Thorpe—Double, chairman of the Victoria and Vancouver Island section of the Dominion Drama Festival Association, and Stewart Clark, will act as judges.

"So your girl friend is a chorus girl, eh?—Is she appearing in anything now?"

"Well, if she appeared in anything less she'd be arrested."

Harvey-Boggs Chapter

Arrangements to hold a bridge party at the home of Mrs. W. R. Sayer, early in December, were made at the monthly meeting of the Valentine Harvey - Beaumont Boggs Chapter, held yesterday afternoon at headquarters. A vote of thanks was passed to Mrs. S. H. Drake for the use of her home for the silver tea, and to Mrs. G. W. Peacock, the chapter's delegate to the semi-annual Provincial meeting.

Dogwoods Chapter

DUNCAN, Nov. 6.—The monthly meeting of Dogwoods Chapter, was held at the Health Centre, last night, the regent, Miss Anne Staples, occupying the chair. There were twenty-one members present, and new members enrolled were Misses B. Copeman, P. Petch and J. Jackson. A letter from Mrs. Curtis Sampson was read, regretting that she was unable to attend the meeting owing to her early departure for England. A vote of thanks was passed to Miss P. Carr-Hilton for a donation of \$18, being part proceeds from her recent entertainment. Dogwoods Chapter arranged to have a handkerchief stall at the community bazaar, to be held December 8, in aid of the local hospital. Misses G. Kennett, Joyce Gooding and Ella Creighton will be in charge of arrangements. It was reported that the sum of \$6.40 had been realized at the cooked food stall held at Suddaby's Store recently. Dogwoods Chapter will donate a cup for hockey competition in the elementary school. Interesting reports of the semi-annual meeting of the order, at Chilliwack, were given by Miss Joyce Gooding and Mrs. H. P. Swan, the latter reading a thoughtful paper on the Oriental question, which she had given there. Empire study talks were given by Misses Jean Duncan and Patricia Carr-Hilton. The chapter will assemble at 10:30 o'clock on Sunday morning, at the Agricultural Hall, to attend the Armistice Day service. Refreshments were served after the meeting, by Miss G. Kennett, Miss H. Castley, R. Tilley and A. Staples.

R. B. McMicking Chapter

Mrs. L. S. Gosse, first vice-president, was in the chair at last night's meeting of the Robert Burns McMicking Chapter, at headquarters. Routine business was dealt with and a donation voted towards Poppy Day. Tentative plans are being made for a tea for the blind in January, and for a stall where articles made by the blind will be sold. Members were reminded of the evening meeting of Municipal Chapter on November 23. The chapter will sponsor an address, "Wanderings Through Europe," by Miss Hesson, on December 15, at the Empress Hotel, and a programme of songs and dances of many lands will be arranged. Miss Elsie Jenkins will have charge of the fashion show of "travel togs," and Mrs. Goodwin will be convener of the programme. After the meeting, a social was enjoyed, the hostesses being Mrs. H. T. Scott, Miss C. Chow, Miss Helen Bolt and Miss M. Brown.

Gonzales Chapter

Mrs. W. C. Nichol presided at the meeting of Gonzales Chapter yesterday at headquarters. Sixty-five calendars of the order were purchased, the sum of \$10 was voted towards X-ray equipment at the Solarium, and a \$5 poppy wreath for the War Memorial was ordered. Reports of the Echoes, Girl Guides

and child welfare conveners were read, and Mrs. Nichol gave a report of the semi-annual meeting at Chilliwack. Plans for the bridge luncheon to be held at the home of Mrs. Stuart Robertson, Belmont Avenue, were discussed. Mrs. Jack Nichol was proposed as a new member. The next Empire study meeting will be held at the home of the regent on November 28 at 8:15 o'clock, when Mrs. B. H. T. Drake will speak on her impressions of England. A letter of sympathy was sent to Mrs. L. B. Kent, who is in St. Joseph's Hospital.

WOMEN'S INSTITUTES

LANGFORD
Members of the Women's Institute are sponsoring a card party in their hall, Dunford Road, on Friday, at 8 o'clock in the evening.

WEST SAANICH

The West Saanich Women's Institute will hold a five hundred card party at the Institute Hall, Brentwood Bay, this evening. Prizes will be given and refreshments served. A cabaret will be held at the Institute Hall on Friday evening, in aid of the Institute and Solarium X-ray fund. There will be good music and refreshments will be served.

VICTORIA

Members and friends of the Victoria Women's Institute are reminded of the luncheon to be held in the Hudson's Bay dining-room tomorrow at 12:30 p.m. This luncheon will take the place of the social afternoon which was cancelled due to the recent conference. This evening a class will be formed at 7:30 o'clock in physical instruction. An expert teacher will be in charge. Classes are held in the institute rooms, 635 Fort Street.

SOUTH SAANICH

The South Saanich Women's Institute held a party, recently, at the Temperance Hall, East Saanich Road, for the members and their families. About fifty guests sat down to supper, the tables being decorated with marigolds. Seven tables of court whist were played. The winners were Mrs. Erskin, Mr. G. Smith and Mr. and Mrs. W. Bate. The children spent the evening playing games and dancing.

The Institute will hold another bazaar at the Temperance Hall, on Friday, at 8 o'clock. Luncheon and afternoon tea will be served.

Y.P.S. News

CITY TEMPLE

The City Temple Y.P.S. court whist drive planned for Tuesday, November 13, has been postponed until a later date. Instead, the regular meeting of the club will be held and all members are asked to be at the hall promptly at 8 o'clock, as a surprise is being planned.

ST. AIDAN'S

The young people of St. Aidan's held their regular meeting in the assembly room. Mrs. Gilbert played two delightful piano numbers. Miss Jara Armistead gave a reading. The remainder of the evening was spent in amusing impromptu speeches by the members. The next meeting is to take the form of a mock trial.

COLWOOD BRIDGE CLUB

The Colwood Ladies' Bridge Club will hold an afternoon bridge tea today at 2:30 p.m., and a cordial invitation is extended to new members from Victoria and surrounding districts. The committee is expecting an exceptionally large crowd. The next bridge tea will be held on November 21.

Catholic League

The monthly meeting of the Junior Catholic Women's League was held recently in the library of the Bishop's Palace. Miss Leonore Fletcher gave the report of the diocesan convention, held recently, and at which one of the members, Miss Eleanor MacDonald, was elected as diocesan secretary. A report was given on the membership table held at the home of Mrs. B. Ciceri. A bridge and five hundred party will be held on Wednesday, November 14, at the Parish Hall, Blanshard Street. The club will be in charge of the fish pond at the Cathedral bazaar in December. Members are asked to give assistance in the work of collecting articles.

Elect Officers

Miss Beatie Cruickshanks was elected president of the "Starlets" last night at the regular meeting, held at the home of Miss Margaret Thomson, Dallas Road. Others elected for 1935 were Miss Alma Wenger, vice-president, and Miss Nancy Davies, secretary-treasurer. Donations for Christmas were made to the Solarium, Salvation Army and the Orphanage. The sum of \$10 was voted for charity work, and the members will replenish the linen for the cot at the Jubilee Hospital. The next meeting will be held at the home of Miss Edith King, Begbie Street.

Moose Women

The drill team and junior order drum corps of the Women of the Moose, Victoria Chapter No. 25, held a successful meeting recently, when arrangements were made to hold a series of events throughout the winter months. The first effort will be in the form of a dance, to be held at the Moose Hall on Friday, on November 23, a concert

Clubs and Societies

Queen Alexandra Review

The monthly meeting of Queen Alexandra Review, held at the Empress Hotel, was held on Monday evening, November 5, at 7:30 o'clock.

The president, Mrs. Mabel Burnett, was in the chair. Mrs. A. Brown and her committee who ably convened the annual banquet were given a hearty vote of thanks. Choir practices will be resumed on Thursday at 8 p.m. at the Women's Institute rooms, 635 Fort Street. The annual bazaar will be held on Monday, November 19, at the New Thought Hall, when Mrs. David Leeming will open the affair at 2:30 o'clock. Afternoon teas and supper will be served by Mrs. Schmeitz. Mrs. J. Bowden is general convener. The stalls include home cooking, in charge of Mrs. K. Herring; fancywork, Mrs. J. Bowden; candy, the juniors; house-houses, the Girls' Club, and apron stall, the Pioneers' Club. A shower for the bazaar will be held on Friday, November 16, at the home of Mrs. Bowden, 1034 Southgate Street. Members are reminded of the luncheon to take place at the Hudson's Bay Company on Monday, December 3.

First United Association

At the home of Mrs. J. A. Skeltern, Arnold Avenue, Group "B" of the Women's Association of First United Church met on Monday afternoon. Mrs. J. B. Munro presided. Mrs. A. T. Hunkin gave the Scripture reading, and a discussion of current events was led by Mrs. A. W. Strathern, who spoke on the subject of "Sports," and Mrs. Munro reviewed news of interest in the social world, particularly the forthcoming Royal wedding. Final plans were made for the table which Group "B" will arrange at the annual bazaar to be held in the Sunday school on December 1. Refreshments were served by the hostess, Mrs. Munro presided at the table. The December meeting will be held at the home of Mrs. A. S. Denny.

South Saanich L.A.

The Ladies' Aid Society of the South Saanich United Church will hold its annual Christmas sale of work and afternoon tea in the church parlor, tomorrow afternoon, from 2:30 to 5 o'clock. Mrs. L. Hafer will have charge of the home cooking; Mrs. A. Patterson and Miss A. Heyer, fancywork and plain sewing, and Mrs. W. Hare will be in charge of the novelty stall.

Metochos W.A.

The monthly meeting of St. Mary's Women's Auxiliary will be held tomorrow at 2:30 p.m. at the home of the Misses Chegwain, "Graycombs," Metochos. Members are requested to bring in their thank-offering boxes.

Meeting Today

The St. Mary's and St. Stephen's Ladies' Aid Society will hold its meeting at the home of Mrs. W. R. Parr, Mount Newton, this afternoon.

Qualicum Beach

Miss Hetty Jarvis has returned from a visit to Powell River.

Mrs. Gauthier, who has been the guest of Mrs. P. Burgoin, has returned to Vancouver.

Mrs. J. Burgess, with Merle and baby, are expected home from Vancouver this week.

Mr. Oscar Frederickson has returned home after a short visit to his relatives, at Powell River.

Campbell River

Friends of Mr. Lyl Higgins will be sorry to hear that he is in the hospital with blood poison in his foot.

Mr. and Mrs. J. Zanatta have moved into the residence formerly occupied by Mr. and Mrs. F. A. MacDonald.

Mrs. F. E. McCarthy has left for Vancouver.

Master Douglas Foley, of Garrett, recently visited his grandmother, Mrs. G. Wickstrom.

Mrs. F. A. MacDonald has moved to Campbellton.

Mr. Tommy Woods, of Oyster River, is in the hospital with blood poison of the knee.

Mrs. F. A. MacDonald has left for Vancouver.

Mr. P. McCarthy is on a visit to Port Hardy.

Mrs. J. Whyte recently motored to Cumberland.

Amputations Association Holding Ball

The sixteenth anniversary of the signing of the Armistice is drawing close, and in commemoration of this memorable day the Amputations Association will hold a grand ball at the Empress Hotel on Friday. The proceeds from this enterprise are to be used to aid the association in furthering its aims in helping its members and for other deserving causes in this city.

While this dance is not for ex-service men only, it presents a grand opportunity for a big get-together of all war veterans. The Amputations Association is composed of men who enlisted from the various parts of Canada, and therefore, is representative of practically every Canadian battalion that was known in France.

The dance numbers have been specially selected and arranged for the occasion, and the ex-service man will be able to fox-trot or waltz to the tunes he marched to, while the younger people will be able to do their latest steps to the popular numbers of today.

Eastern Visitors Going to Hawaii

Dr. and Mrs. W. A. Shearer, who have been staying at the Empress Hotel, will sail today aboard the Aorangi for Honolulu. Dr. Shearer is veterinary inspector attached to the Health of Animals Branch of the Federal Department of Agriculture for the Dominion of Canada, stationed at Winnipeg. He has a particularly arduous appointment and is looking forward to a really "dolce far niente" existence in Honolulu. Born in Norwich, England, educated in Scotland, and trained for his life-work in Toronto, Dr. Shearer has a specialist's enthusiasm and knowledge.

Mrs. Shearer has the distinction of being an associate of the martyred nurse, Edith Cavell, before her marriage, when she was Victoria Coghill and nursing in Brussels before the war. Miss Coghill went to Brussels in September, 1913, taking a position at Nurse Cavell's nursing home and was with her until June, 1914, when she was recalled to Scotland because of illness in the family.

A FOREFUL MIND

Her recollections of Nurse Cavell are of a woman of small stature, out of great nobility of mind and some sternness of purpose. She says that the letter she received from Nurse Cavell when she accepted her—Miss Coghill on her staff, revealed a unique and forceful mind allied to charm of disposition.

"Many times since the day when I left Flanders have I regretted I had not kept and treasured the two letters I had from her. Still I have memories—memories of the day she sat beside my sick-bed. Memories of kindness and forbearance—yes, and of her sternness, too."

Mrs. Shearer was born in Cairo and some day she and the doctor plan a trip to that romantic land of her birth—Egypt. After leaving Honolulu, they plan to visit Los Angeles and San Francisco.

Anglican Young People

A business meeting was held by members of St. John's A.Y.P.A. on Monday night. Practice for the play "One Week's Trial" will be held on Saturday at 6 o'clock.

Instead of the usual business meeting next Monday night, there will be a practice for the two plays, which are to be given Wednesday, November 14.

MEETING AT QUALICUM

The Qualicum Beach Welfare Association had its first meeting this morning on Monday afternoon in the Guild Room, when the president, Mrs. E. Bunting, presided. Mrs. N. Gibson, secretary, with Mrs. W. Wilkinson, Mrs. D. Walde, Mrs. W. Thrall, Mrs. H. Jarvis, Mrs. G. Alous, Mrs. J. Dobbin, Miss Hetty Jarvis, and members of several organizations started working on the garments sent in to be altered. The members arranged to meet every second Monday at 2 p.m. Donations will be gladly accepted by the secretary.

Fight Colds Before They Start

Strengthen Yourself with the "Vital 3"

By increasing the amount of Calcium, Phosphorus and Iron (The "Vital 3") in your system you will help to enrich your blood, strengthen your nerves, build up your bodily strength, and increase your power to resist infection. Gladys Glad Nursing Service Planned

Down in Samoa and the Fiji Islands, I am told, a flat nose is considered a distinct beauty asset. In that part of the globe mothers always put compresses on the noses of their children in order to flatten these facial appendages. For they firmly believe that the flatter a girl's nose is, the more beautiful she'll have when she grows to young womanhood.

In this country, of course, women don't consider flattened noses particularly beautiful. And abnormally flattened noses are anything but uncommon during this season of the year. They aren't all found on males who hit the cup that cheers too often, either. For there are a good many women who acquire unattractive red noses during the cold, wintry season.

A red nose certainly doesn't add to any woman's attractiveness. And if the nose is chapped, it's mighty difficult to cover up its redness with a coating of powder. So the thing for any red-nosed lass to do is to correct the coloring of her nose, if she wishes to look her best.

A red nose usually results from over-exposure to cold and wind, from digestive disorders and from poor circulation. Always, before going outdoors, the nose should be protected from the elements by a basic coating of cold cream and powder. The daily diet, too, should be given careful attention. The practice of drinking hot, strong tea and coffee should be dispensed with. And all highly-seasoned foods and stimulating drinks should be eliminated from the daily menu.

The most important step in remedying a red nose is correcting sluggish circulation. Deep breathing exercises should be taken each morning. And plenty of fresh air and exercise should be obtained daily. Local aid may also be given through the use of a good stimulating lotion. Such a lotion will remedy the sluggishness of the blood in the nose by skipping up the circulation and will assist greatly in restoring the nose to a normal, more attractive color.

At the meeting of the Victoria

Graduate Nurses' Association held last evening at the Nurses' Home, Jubilee Hospital, plans were discussed regarding a scheme to bridge the gap between the patient who is in need of professional nursing service, but unable, financially, to provide the same, and the nurse willing to give her services to those who are out of employment or their dependents.

A committee was appointed whose charge will be to carry out preliminary survey of the question, including the application of the scheme to a certain number of test cases and the interviewing of the two hospital boards. The funds which are available for the furthering of the experiment were raised by a rummage sale, tea, and other means. Members were reminded of the Jubilee alumnae tea and sale of work to be held at the Jubilee Nurses' Home this afternoon from 3:30 to 6 o'clock, the proceeds of which are to aid their bursary fund.

The first part of the evening was occupied with a most instructive and interesting address on "Prostatic Resection," given by Dr. Allan Fraser. This was followed by a question period, which was also excellently handled by the speaker.

Langford

Mr. Eric Merry, of the Highland district, has gone Up-Island for an indefinite period, and Jim Merry has left to stay with friends at Mission.

Mr. and Mrs. H. C. C. Bennett and their son, Henry, who have resided at Langford Lake for a number of years, have left to make their home in Victoria.

Saanichton

The Pioneers' Society will hold a cribbage party this evening at the Log Cabin, Saanichton. Prizes will be given and refreshments served.

Lake Hill Institute In Session

At the meeting of the Lake Hill Women's Institute, held yesterday afternoon, Mrs. T. Currie, the president, in the chair, Mrs. J. Findlay gave an excellent detailed report of the Women's Institutes conference held last week at the Parliament Buildings, at which she was official delegate for the Lake Hill branch. She was cordially thanked by the members.

A card party is to be held in the hall on Tuesday, November 20, in aid of the fund for the X-ray equipment of the Queen Alexandra Hospital, a project fostered by the Royal Oak W.I. Further particulars are to be announced later.

A wool bee is to be held in the hall on Thursday, November 15, beginning at 1:30 p.m.

TENDERS THANKS

The president extended the thanks of the institute to Mrs. A. G. Moody, convener, and the members of her committee who helped to make such a success of the children's fancy dress party held on October 26. Mrs. Moody was also thanked for her work as convener of the delightful banquet given on the occasion of the twenty-fifth birthday celebration on November 1. Appreciation was expressed of the demonstration given by Victoria Langford and Cowichan Institutes.

Afternoon tea was served yesterday after the meeting, the hostesses being Mrs. T. Bowers and Mrs. Akerman.

"What do you take as a remedy for your insomnia?" "A glass of wine at regular intervals." "Does that make you sleep?" "No, but it makes me content to stay awake."

"THE CHILD"

By REGINALD H. WIGGINS, M.D., C.M., L.M.C.C.

DENTAL DISEASES

Two-thirds of our school children have diseased mouths and teeth, which impairs their present health and efficiency, lead to other diseases and injures their future health.

The diseases of the mouth and teeth to which we refer are:

1. Dental Caries—decay of the structure of the tooth itself, and

2. Pyorrhea—an inflammation of the gum leading to destruction.

Disease of the teeth and gums is responsible for an enormous amount of disease in any part of the body. We can prevent the ravages of dental disease by the following preventive measures:

1. Proper pre-natal and nursing period diet for the mother containing milk, leafy vegetables and cod liver oil.

2. Cod liver oil in double and treble the usual inadequate dosage for every child from one month to at least six years of age (better sixteen).

3. Coarser foods which require vigorous mastication.

4. Finish all meals with a firm fruit, such as an apple or pear.

5. Teach a child to abhor an unclean mouth.

6. Cleansing the teeth, tongue and roof of the mouth after every meal (brushing two minutes).

7. Search out a competent dentist who pays particular attention to children's teeth. Take your child to him, first, at two years, then regularly every six months.

Tomorrow's article: "Tonsils and Adenoids."

REPORT GOLD STRIKE IN NORTHERN QUEBEC

QUEBEC, Nov. 6 (CP).—Word of a gold strike in Northern Quebec has been received by the department of mines here. It was announced today. The find, made by John Wabunanoni, an Indian, is on Lac Madeleine, about seventy-five miles from Senneterre. Nearly 300 claims have been registered by prospectors in the district.

BURNSIDE BOWLERS

Burnside Lawn Bowling Club's annual tournament was held yesterday. Found ten tables in play. The winners were: First, Mrs. Robb, Mrs. Smilie, Mr. T. Mitchell and Mr. A. Pass; second, Mrs. Eastham, Mrs. Evans, Mr. A. Arnold and Mr. D. Mowatt.

LANGFORD DANCE

A "poppy dance" and card party will be held in the Colwood Hall, this evening, from 9 to 1 o'clock, under the auspices of the Prince Edward Branch, Canadian Legion. There will be a waltz contest and other attractions.

V.O.N. SUBSCRIPTIONS

Yesterday's subscribers to the Victorian Order of Nurses were as follows: Mrs. E. E. Code, Mrs. E. Proctor, Mrs. Heyland, Miss Phipps, T. F. Patterson, Mrs. H. E. Beasley, Mrs. Bolton, Mrs. Graham-Graham, Mrs. D. Dick, Mrs. R. H. B. Ker, Mrs. Nicholson and Mrs. W. F. Proctor.

Metichosin

Major and Mrs. Curwen, of Vernon, are the guests of Mrs. Meredith-Jones, "Rockoaks."

Stars of the Screen Pose Informally

Left, Gloria Stuart, Wearing King's Blue Two-Piece With White Collar; Right, Gloria Again in Another Home Frock; Centre, Inset Below, Silk and Wool Frock Displayed by June Knight.

Smart Home and Sports Type Frocks Modeled by Two Charming Young Picture Actresses in Hollywood.

By LISBETH

MOST women make an effort to look well away from home, but the true test of the really well-dressed woman is her home-wearing apparel.

These frocks pictured come under the head of informal sports or home frocks. They are, of course, equally good for business or campus wear.

At the left and right are two sporty frocks, each pleated, with

heart-breaker of the cinema. Pleats, says Gloria, are the season's forward. She wears them in the frock at the left on blouse and skirt, also on the round white collar. The dress is king's blue, and with it she wears a bright red leather belt stitched in black. A black chef's hat, bag, gloves and pumps, complete the outfit.

It's another two-piece she is wearing at the right. This time the skirt is plain, she pleats, with

stitchery finishing the collar and revers, wide belt and cuffs. A neat tie adds a chic touch at the neckline. June Knight wears a silk and wool frock in an elastic weave, making the perfect costume for cool days. It is a fine check in yellow and brown, with a tricky little neck bow; one end of which is brown and the other plaid taffeta. A brown suede belt with metal fastenings, and buttons to match, are added touches.

Social and Personal Notes

Will Arrive Today

Sir Charles Seligman will arrive from the Orient aboard the S.S. Empress of Canada early this morning, and during his short stay in Victoria will be the guest of His Honor the Lieutenant-Governor and Mrs. J. W. Fordham Johnson at Government House.

Golf Club Party

A delightful bridge and mah jong party was held at the Royal Colwood Golf and Country Club yesterday afternoon by the lady members of the club, under the direction of Mrs. Russell Horton and Miss Lillian Michaels. There were twenty-seven tables in progress. Autumn flowers were used effectively on the tea table, which was presided over by Mrs. F. Sayward-Wilson, Mrs. Thomas Leeming and Mrs. Angus Campbell. During the tea hour, Mrs. Styles Sehl delighted the guests with vocal solos and was accompanied by Mrs. A. W. Miller. At mah jong, the prize was won by Mrs. D. O. Cameron, and for bridge, which was contract, Mrs. Charles Rowell was the winner. The door prize was awarded to Mrs. Peter Ferguson. Tables were taken by Lady Bernard, Mrs. F. Sayward-Wilson, Mrs. H. F. Crowe, Miss Lucy Bryden, Mrs. Lovell, Mrs. Lawson, Mrs. W. G. Crawford, Mrs. Thomas Leeming, Miss Dorothy Scott, Mrs. Percy Criddle, Mrs. R. L. Pocock, Miss "Pat" Rines, Miss Coultas, Mrs. Brooke Stephenson, Mrs. F. M. Bryant, Mrs. P. E. McCarter, Mrs. Hanbury, Mrs. A. W. Millar, Mrs. C. Rowell, Mrs. E. W. Hetherington, Mrs. R. MacKenzie, Mrs. Lee, Miss Lillian Michaels, Mrs. R. R. Horton and Mrs. Fraser.

Miscellaneous Shower

Mrs. N. Patterson and Mrs. A. Parkinson were hostesses on Monday evening at the home of their mother, Mrs. M. McDuff, Grafton Street, Esquimalt, at a miscellaneous shower in honor of Miss Jean Hansen, whose marriage will take place shortly. The guest of honor was presented with a colonial bouquet, and her gifts were concealed in a huge pumpkin. Games and music were enjoyed and little Audrey Porter did a costume dance.

Kitty McKay

By NINA WILCOX POTNAM

The girl chum says that, now that they have done so much along other lines, the doctors ought to get together and see what they can do about curing ingrowing gouches.

'The Irish Washerwoman'

The supper table was arranged with bronze chrysanthemums and fern, and the guests included Mesdames M. McDuff, L. Hansen, A. McBeath, M. Nicol, R. Nicol, J. Bark, J. Davidson, J. Watt, M. Dobie, E. Kemp, J. Porter, H. Clarke, E. Stewart, D. Woodford, Misses Hazel Hansen, Mae Ford, May McBeath, Katherine Goodall, Beth Dobie and Audrey Porter.

Surprise Shower

Mrs. Robert Ballantyne entertained at her home on Devonshire Road, on Monday evening, at a delightful surprise shower in honor of Miss Berta Bosustow, whose marriage to Mr. Hugh Ballantyne will take place this month. The many lovely gifts were arranged on a table surmounted with a large white horsehoe, and as the bride-to-be opened her parcels, she was showered with confetti from a bell suspended above her head. The living-room was artistically decorated in yellow and white, while the same color scheme was used in the dining-room, where supper was served later in the evening. The invited guests were Mesdames M. Rowan, E. Gillingham, L. Wiggly, Jr., J. Hemer, H. Elworthy, G. Johns, J. Fulton, Webster, Lovett, R. Purser, R. Birkett, C. Bosustow, F. Woods, W. Campbell, Hocknell, R. Ballantyne and Misses Cecelia Webster, Maud Green and Verlyn Lawson.

Birthday Party

Mrs. L. B. Noel entertained at a jolly Halloween party, recently, in honor of the tenth birthday of her daughter, Shirley. The rooms were artistically decorated with pumpkins and black cats, and the supper table was decorated in black and orange, and centered with a bowl of bronze chrysanthemums flanked by orange candles in silver holders. Mrs. Noel was assisted in serving by Miss Dorothy May Jones and Iris Noel. The little guests included Jean Sinclair, Nancy Wilson, Marilyn Hunter, Margaret Norris, Alex and Maide Ciceri, Isabelle Proud, Betty Doodson, Patsy and Geraldine Smith, Joan Duncan, Mary and Agnes Richards, Dorothy Adams, Frances James, Olive Crozier-Smith, Elaine Kramer, Doreen Jones, Allan Jones and Noel Dalry.

Enjoyable Party

The home of Mr. T. Rickinson, 639 Wilson Street, was the scene of an enjoyable birthday party on Saturday night. The dance music was much appreciated and enjoyed by the guests. A buffet supper was served at midnight. Those present were Mr. and Mrs. Frank Carter, Mr. and Mrs. Cliff Simmonds, Mrs. F. W. Walter, Mrs. Agnes Kennedy.

"Blue" Spells

MANY DIE IN GUN BATTLES

Continued from Page 1

Lon Hayslip, sixty-one, was shot to death after an election quarrel at Cedar Mill, near West Union, O. A hastily-organized posse followed the fleeing slayer.

BATTLE FOR GUN

Wrestling with his brother for possession of a gun after an election argument at Argillite, Ky., Kendall Allen, twenty-one, was killed outright. The brother, Joseph Allen, nineteen, allegedly had wounded Columbus Picklesimer with the weapon shortly before the slaying.

James H. Miller, prominent St. Louis Democrat and a justice of the peace, was indicted on charges of interfering with watchers at polls and his arrest ordered immediately on a bench warrant.

Negro slain at Weekesbury, Ky.

after a voting argument with another negro. Town Marshall John Lake, fifty-two, of Livingston, shot to death A. B. Brown, fifty, after the victim had stabbed the officer in a fight over a previous difference.

FISHERMEN SPIN YARN OF BATTLE TO DEATH

Continued from Page 1

sharp-pronged hooks, the shark dashed from boat to boat in a frenzy, churning the water into red-flecked foam as he raced head-on against the boats. He was tiring swiftly when Jeff Gerroir leaped into the water and tried to grasp him.

But the shark was not finished yet. Eluding the fishermen's grip he swam about and bit viciously at his leg, ripping a long gash in Gerroir's rubber boot. The fish swam about once more, and as he rushes back in charging attack, Jeff's brother, Bill, leaped to the rescue.

YO! HEAVE HO!

He grabbed the swimming tail and heaved. Jeff helped and soon they had the shark half in and half out of the water, both holding on grimly as the fish struggled to sink his teeth into them. But there was not enough water, and soon the shark was unconscious from suffocation.

Another heave and he lay on the beach, where a sharp knife ended his life. The battle lasted thirty minutes.

Visit Island

Mr. and Mrs. C. S. Robinson, of Santa Barbara, spent a short time visiting in the city prior to proceeding to Saltspring Island, where they are visiting Mr. Robinson's brother, H. A. Robinson. While on the island, they are staying at Harbor House.

Leaves for Winnipeg

Mrs. R. A. C. Milnes has left for her home in Winnipeg after spending the summer with her mother, Mrs. H. Lamb, 812 Old Esquimalt Road, who accompanied her to Vancouver.

Calgary Visitors

Mr. and Mrs. G. A. Stuart, of Calgary, arrived in the city, recently, and are making an indefinite stay here at the Oak Bay Small Charming Hotel.

Seattle Visitors

Mr. and Mrs. W. Pursey, of Seattle, arrived in Victoria, on Monday, and are spending a week's holiday at the Oak Bay Small Charming Hotel.

Hostess at Tea

Mrs. Alex Fraser entertained at tea yesterday afternoon at her home on Joan Crescent in honor of her cousin, Mrs. George Weston, of Moncton, New Brunswick.

Here From Massett, B.C.

Mr. J. Martin and his daughter, Mrs. Pongs, are here from Massett, Queen Charlotte Islands, and are staying at the Glen-shiel Hotel.

Here From Hollywood

Mrs. R. G. Dundas, of Hollywood, is enjoying a visit with her sister, Mrs. Dorothy Cockburn, at the Windermere Hotel.

Ottawa Visitor

You are sitting West and open the bidding. South wins the diamond queen. You play the four, North then leads the nine of diamonds. What card do you, West, play, and why?

Answers to these questions must be delivered, mailed or telephoned the same day as question is published, and addressed to Macan & Mitchell Bridge Studios, 221-2 Pemberton Building.

Answer to Question No. 19

Trump with nine of spades. If South, as is likely, holds six spades to ace, king, the nine will set up a trump trick in the West hand. If South holds ace, king, queen of spades, nothing can be done about it. This is the only play which may create a setting trick.

The master of a riding school says fewer people are learning to ride. His pupils are falling off.

End Severe Cough Quickly, At One Fourth the Cost

Mix This At Home In 2 Minutes. No Cooking!

You'll never know how quickly you can conquer a bad cough, in young or old, until you try this famous recipe. You not only make your money go four times as far, but you will also have a much better remedy than any you can buy ready-made.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking needed—it's so trouble at all. Then put

MARINE, RAIL and AIR

Danish Motorship
Loads Lumber for
Homeward PassageCombined Freight and Passenger Ship Amerika
Brought Large Shipment of Bananas—Canada
Due In and Aorangi Sailing

Docking from Europe, yesterday morning, via Panama and California, the Danish motorship Amerika, Captain Carl Knudsen, loaded 1,600 stems of bananas at Oden Point and started to load 700,000 feet of lumber for London discharge. The combined freight and passenger liner arrived at 9:15 o'clock, and it is expected she will complete here early this evening, when she will proceed to Mainland ports.

With the exception of an incident which happened off the Central American coast, the passage of the ship from Europe was uneventful. In the person of Paul Nielsen, it appears the Amerika has a hero aboard. He is fifteen years old.

The ship was off the coast of Guatemala, when Kari Grundahl, a piggy boy about the same age, jumped over the side during a spell of loneliness. Nielsen, who was near the rail at the time, hurriedly dived himself of his clothing and without hesitation went overboard after him.

The Amerika was turned about and after reaching the spot where the lads were struggling in the water, a lifeboat was lowered and they were picked up and taken aboard. Nielsen had reached Grundahl in the nick of time.

HOMEWARD BOUND
Arriving at San Pedro, the home-sick youngster was placed aboard the motorship India and is now on his way home. The passengers who witnessed the incident contributed to a collection and made a presentation to Nielsen.

Among the passengers arriving on the Amerika were Mr. and Mrs. Frederick Fisher, of Regent's Place, Victoria, who returned home after a six months' visit in European countries; Mr. and Mrs. Henry G. Giles, who come from England to make their home in British Columbia; and Rev. W. E. Spencer, of London, who is on his way to the States.

When the liner left England, all her passenger accommodation was taken. The majority of the travellers left the ship at California ports. Among them was Major C. P. O'Sullivan, father of Maureen O'Sullivan, Irish cinema actress, now in Hollywood.

CANADA DUE
With 250 travellers aboard, large mails and a heavy general cargo, the Canadian Pacific liner Ss. Empress of Canada, Captain A. J.

Halley, R.N.R. commander, is due alongside Rutherford Pier at 7 o'clock this morning. Among the prominent passengers on the Canada expected here are Sir Charles Seligman, prominent British banker and member of the British Industries Mission to Manchuria and Japan; and M. Hendry, head of the Chinese Maritime Customs.

Late in leaving Vancouver, due to tardy mail connections, the motorship Aorangi, Captain J. F. Spring-Brown, commander, is not looked for at the local dock before 9 o'clock this afternoon. The liner is outbound for Australia by way of Hawaii, Fiji and New Zealand. The Aorangi will have a total of 170 passengers in all classes when she sails from Victoria for Honolulu, her first port of call.

CONTRABAND
POSSIBILITYEasy Matter for Munitions
to Have Been Loaded
on Steamer

WASHINGTON, Nov. 6 (AP).—Possibility that an explosion of contraband munitions aboard the Morro Castle caused the fire which swept the liner and resulted in the death of 134 persons is mentioned in the report which Dickerson N. Hoover has made on the tragedy.

Hoover, assistant director of navigation and steamboat inspection, said today his report on the disaster also reviewed other possible causes of the blaze, among them nicotine, spontaneous combustion and defective electric wiring.

"I am not undertaking to state how the fire started," Hoover said today. "I don't know how it started. Our job is to analyze all possible causes and let others form the conclusions."

Testimony during the United States Senate munitions inquiry brought out that it might be a comparatively easy matter to ship munitions on a passenger liner since the customs service lacks facilities for checking outbound cargoes.

Vancouver Shipping

VANCOUVER, Nov. 6 (CP).—Yamashita Shipping Company, Ltd., has five ships loading at British Columbia ports, Ms. Nichio Maru, Ss. Bujo Maru, Ss. Cuba Maru, Ss. Meiwa Maru and Yoshida Maru No. 1. Ships due this month include Ss. Rajahstan, for Japan; Ss. Uyo Maru, for Japan; Ss. Chifuku Maru, for Japan; Ss. Hakushika Maru, for Japan, and Ss. Hayo Maru, for Australia.

Empire Shipping Company reported United Ocean Transport Ss. Koryu Maru due late this week. Ss. Rialto of the Italian Line arrived today to the Empire Shipping Company from Mediterranean ports and berthed at the Great Northern Dock.

Ms. Pacific Reliance is due early Wednesday, Furness (Pacific) Ltd. reported.

Dodwell & Co. reported Ms. Vancouver at Ballantyne Pier for German and other European ports.

Making Mixed Drinks for the Little Fishes

As the apparent prohibitionist at the left swings his mighty sledge to crash it against the pile of packages on the naval jetty at Esquimalt, a companion stands at salute, while a number of 'lolly-jacks' look on smiling. The picture may cause some heartaches, but the action possibly saved many headaches. It is the Royal Canadian Mounted Police way of disposing of contraband liquor saved from time to time, and took place a few days ago.

Destroyer Going
To Fraser River
For November 11

NEW WESTMINSTER, Nov. 6 (CP).—H.M.C.S. Vancouver will arrive here Saturday for a five-day visit. Officers and crew of the ship will attend Armistice Day services here Sunday and in the evening will attend a concert given by the Westminster Regiment Band.

Target Practice
For Naval Ships
In Strait Today

H.M.C.S. Vancouver and H.M.C.S. Arcturion will spend the day in target practice off William Head. Firing will commence about 9:30 o'clock this morning. On Saturday, Ms. Vancouver will leave Esquimalt for New Westminster, where she will spend several days. Returning, the destroyer will call at Nanaimo and Ganges. She is due back at the naval base on November 23.

MONEY TO BE RETURNED
TO BUYERS OF STOCK

TORONTO, Nov. 6 (CP).—One hundred per cent restitution following sales of Cryderman Gold Mines stock by the recently-closed firm of A. White & Company has been obtained. It was announced today at the office of J. M. Godfrey, K.C., Ontario securities frauds commissioner.

The amount involved is not reported large, as the business was only in operation for a few days before being closed by the commissioner. Clients of the firm who obtained the stock will receive their money back.

Gross Revenues Up

MONTREAL, Nov. 6. — The gross revenues of the all-inclusive Canadian National Railways system for the ten-day period ending October 31, 1934, were \$5,626,916, as compared with \$4,679,457 for the corresponding period of 1933, an increase of \$947,459.

WILL VISIT
BIG ISLANDMadagascar Among Color-
ful Lands on Route of
Canadian Pacific Cruise

The third largest island on this globe, and which might be described as an ethnical crossroad puzzle, kaleidoscope or crucible (according to one's taste in metaphor), will be visited by Canadians and Americans aboard the Canadian Pacific liner Empress of Australia during the latter part of February.

They will come upon it while "doing" the east coast of Africa, after visiting the Mediterranean and Egypt and en route to South Africa, South America and the West Indies. All this territory will be taken in by the Empress of Australia during her three months' cruise, that begins at New York, on January 16, and ends there on April 24.

Madagascar's 236,000 square miles, just about the size of France, Belgium and Holland combined, has about as many racial groups within its bounds as there are nationalities in Europe—probably more. If they do not see members of all the tribes during their short visit, the cruise members will at least have seen the home of such masters of nomenclature as the Bemisararakas, Mahafalys and Antafassays. Others include the Betsilees, Antaimoroes, Antaisakas, Sakalavas, Baras Andrandays, not so hard perhaps to pronounce as to remember.

VERBAL GOLD MINE

Spelling-bee addicts among the cruise members (such contests are always among the less physically strenuous diversions aboard cruise liners), will therefore find Madagascar a verbal gold mine, the prize nugget of which will doubtless be discovered. It is the name of a native monarch of the latter part of the eighteenth century—King Andrianampoinerina, no less. Whether or not his subjects called him "Andy" has not been recorded, but, that brief description occasionally had their appeal, is attested by the fact that he established the "Hova Dynasty."

The Empress of Australia will spend a day at Majunga Bay, on the East Coast of Madagascar, some 300 miles across the Mozambique Channel from Portuguese East Africa. Here they will find a neatly laid out and progressive French town, with many native industries, including particularly that of raffia, from which rope is made. France has ruled the island since 1895 and was represented there at one time by General Gallieni, one of her best-known war heroes.

Rainbow Sea Cadets

Special orders by Lieutenant-Commander P. W. Tribe. Remembrance Day—The corps will parade as strong as possible at 10:15 a.m. on Sunday, November 11, behind the Postoffice on Wharf Street. Poppies will not be worn. Church Parade—The corps will parade as strong as possible at 2:30 p.m., Sunday, November 11, at the corner of Broughton and Douglas Streets, to attend the memorial service at Christ Church Cathedral. Colors will be carried. Poppies will not be worn. It is expected that all ratings will attend the above parades. • ALAN CRANE, W.O. Sea Cadet Corps.

Charters for Grain
Cargo Space Slump;
Other Trades BetterLumber, Trans-Pacific and Australia, Shows
Considerable Improvement—Outlook for
Month of November Appears Good

SAN FRANCISCO, Nov. 6.—Advances in the freight market, as evidenced during the past two months, have met somewhat of a check which is probably most pronounced in the grain trade to the United Kingdom and Continent, as will be noted in the body of the report hereunder. This weakness is probably offset by the increased chartering in other trades, principally lumber, trans-Pacific and Australia.

The true picture of the trans-Pacific market, in particular, can not be obtained from a glance at the charter market, as the bulk of the business has been done by liner and semi-liner services. The outlook for the current month appears good, and it is felt that present rates will at least be maintained.

GRAIN

China-Japan—No full cargoes were reported in this direction. However, some parcel business was done to Japan at rates in the neighborhood of \$2.75 and \$3.

United Kingdom-Continent—No full cargoes were reported as fixed from United States ports, but a few charters were made for loading in British Columbia at greatly reduced rates of freight. Something in the neighborhood of 14c to 15c can be considered, as the market rate with liners, in some instances, filling distress space at rates in the neighborhood of 12c.

Inter-Coastal—No new business has been reported as consummated, although there has been some inquiry of late which may result in a few charters for the coming month.

LUMBER

China-Japan—The large amount of tonnage released from the wheat trade from Pacific Coast to Europe, as a result of the downward tendency in rates, has been responsible for the check in the general advance of rates to Japan and China. Whereas rates were firm at \$7.50 on squares and \$10.50 on logs during the early part of the month, the market softened somewhat and space is now obtainable at \$7 to \$7.25 on squares and \$9.50 to \$10 on logs.

Australia—Several vessels were fixed on lump-sum basis for full cargoes of lumber from Pacific Coast ports to Australia at undisclosed figures. It is felt, however, that the average charter would work out in the neighborhood of \$7.50 to \$8 per thousand board measure, depending upon ports of discharge. United Kingdom-Continent—Lumber space is available on chartered vessels at rates in the neighborhood of 45c.

Inter-Coastal—No full cargo charters were announced for this trade, but liner services are maintaining conference rates at 12c per thousand feet, with no signs of weakness.

TIME-CHARTER

Very little activity was noted in this market and what business was done was on the basis of short voyages.

TANKERS

Chartering in this market was considerably curtailed, probably due to the fact that chartering to Japan

was practically at a standstill due to the oil storage facilities in the Kobe and Osaka districts during the recent typhoon.

MISCELLANEOUS

An inquiry was heard for tonnage to load copra in the Philippines to Mexican ports. Also a fixture for a full cargo of gypsum rock from San Marcos Island to China for January loading was announced at a reported rate of \$3.25 f.o.b. steamer. It is understood there is further inquiry for an additional cargo to China.

VESSELS THAT
NEVER RETURNPosted as "Missing" at
Lloyd's, They Make Pa-
thetic Sea History

Of all the ships that are lost at sea, none are so pathetic, so mysterious, or inexplicable as those included under the sombre heading of "Missing" in Lloyd's Register wreck returns.

The returns are for the quarter ended December 31 last, and contain particulars of missing ships and vessels which were wrecked, foundered or abandoned at sea during the three months, together with the list of ships condemned and broken up.

Four vessels were reported as missing, including the small steamer Berea, of 175 tons burden, which set out on a voyage to the Antarctic. The steamer left Capetown on October 17 last, and was in wireless communication on November 4, but since then no further tidings were received of her movements.

LOADED SALT

Then the three-masted vessel Dorin, formerly known as the Emily, and fitted with an auxiliary engine, loaded salt at Turk's Island, in the Bahamas, and sailed for Yarmouth, Nova Scotia, on September 6. She called at Nassau, on Providence Island, in the Bahamas, four days later, but has not been heard of since leaving that port.

There is no trace of the small steamer Cimbric, of 120 tons, which loaded a cargo of cement and sailed from Rordal, near Aalborg, in Jutland, on July 28 last, or of the wooden auxiliary vessel Glory, of 285 tons, and built in 1920. She left Norfolk on August 21 last for Port Arthur, Texas, in ballast, and her crew—well, the sea was their sweetheart, and they have probably died in her cold embrace.

At the Theatres

DOMINION "No Greater Glory," screen adaptation of a famous Ferenc Molnar novel, concerns a conflict between two groups of children to defend their rights. The conflict is a moving, human document that takes on all the importance of a clash between two warring nations. Frank Borzage, famous director, responsible for "Seventh Heaven" and "A Man's Castle," directed "No Greater Glory," now at the Dominion Theatre.

PLAYHOUSE ZaSu Pitts, who recently completed her role opposite Will Rogers, in "Mr. Skitch," for Fox Film, has a featured role in "Three on a Honeymoon," now at the Playhouse Theatre. Sally Eilers and Henrietta Croaman share the featured roles with Miss Pitts, and others in the cast are Charles Starrett, John Mack Brown, Irene Hervey and Russell Simpson. James Tilling directed.

COLUMBIA Paramount make-up experts agree that Arline Judge, featured in "Shoot the Works," now at the Columbia Theatre, has the perfect "double-A" face. A "double-A" face, they explain, is one whose natural beauty requires a minimum of make-up attention. Miss Judge used only ten minutes' time for making up for her scenes in "Shoot the Works."

CAPITOL Norma Shearer, Charles Laughton and Fredric March head the cast of "The Barretts of Wimpole Street," the attraction now at the Capitol Theatre. These three stars are all academy award winners, having secured that honor during the last twelve months.

FINE ENTERTAINMENT IS SET FOR WEEK-END

A well-varied entertainment will be presented in Victoria this coming week-end, by "The Broadway Vanities," who will appear at the Empire Theatre, starting Friday, and giving performances on Saturday and Monday, with a special midnight matinee at 12:05 a.m. Monday.

There will be acts to suit all tastes and all ages. It is said there is nothing in this revue to offend any-

Playhouse—"Viva Villa," starring Wallace Berry.

one, and that it should please both young and old.

This company has met with much success on its present tour and has attracted large and enthusiastic audiences to the bigger theatres in many Pacific Coast cities. Already it has played in Los Angeles, San Francisco, Portland, Seattle and Vancouver, and on its return will play at several smaller cities.

CHARMING DANCES IN COMING PRESENTATION

Several charming country dances, as well as a formal cotillon, have their places in the musical comedy, "A Country Girl," by Lionel Moncton, which will be presented by the Victoria Operatic Society, at the Empire Theatre, on Thursday, Friday and Saturday evenings, November 15, 16 and 17.

Mrs. Dorothy Wilson has charge of this department of the operatic society's work and she has been putting her girls through their paces for some weeks now, and the result should be delightful and lend color and life to the opera.

The costuming for this presentation will be along the usual high standards set by former productions of the Victoria Operatic Society.

CONVOKES SESSION OF STEERING COMMITTEE

GENEVA, Nov. 6 (AP).—Chairman Arthur Henderson last night convoked a session of the steering committee on the disarmament conference here for November 20, and in a statement issued to the League of Nations, urged negotiation of a convention for regulation of manufacture and traffic in arms.

Landing After Flight Over Ocean

True coursing out of the darkness of the Pacific, Sir Charles Kingsford-Smith and his navigator, Captain P. G. Taylor, landed at Oakland Sunday, shortly after dawn, more than two hours ahead of schedule and with 160 gallons of gas still in the tanks of the Lady Southern Cross. Photo shows the plane a moment after it touched earth and was taxiing to a stop. Sir Charles may be seen in the forward cockpit of the trim ship. A little more than five hours later, the brave Australian airmen took off again for Los Angeles.

SCOUT TROOP WILL GIVE CONCERT HERE

St. Luke's Boy Scout troop will hold a variety concert in St. Luke's Hall, on Friday night, at 8:15 o'clock, in aid of troop funds.

Among the artists taking part are Miss Enid Cole, Miss Ailsa Barclay, Mrs. McCall, Miss L. Bond, Misses Jean and Flossie Ray, Miss Barbara McVie, Mr. Whitehead, Dorothy McVie, Keith Sedgman, John Pimm, Miss Illace Roskelley, the Hill-Billies and Messrs. Corbett and Morry.

The long handicap golfer had returned a specially good score in a competition, and the secretary, amazed, sought out the man's partner. "Look here," he said, "between ourselves, did So-and-So really do a seventy-one?" "Well, yes," replied the other uncomfortably. "But—of course, he has certain rules of his own."

Little Bedtime Stories

Jerry Muskrat's Great Idea

By THORNTON W. BURGESS

Ideas are very funny things; At least I think them so. From nothing out of nowhere they Just seem to come, you know.

When you have done a thing once it always is easier to do it again. A thing which seems dangerous the first time you do it seems a little less dangerous the second time if nothing happened the first time. Jerry Muskrat had made one successful trip in broad daylight to Farmer Brown's field where the carrots grew in rows and rows. So now as he started to make the trip again it didn't seem nearly as dangerous as it had the first time.

As before, Jerry kept in the drainage ditches. With the long grass hanging over them as it did they were almost as good as tunnels. He felt that it would be only by chance that he would be discovered there.

Just as he made up his mind that it was safe for him to run across to where the carrots were a harsh voice caused him to duck down quickly. "Caw, caw!" said the voice. Jerry crouched under the

He felt that it would be only by chance that he would be discovered there.

overhanging grass. He didn't want to be seen by Blacky the crow. Now that he was afraid of Blacky, Blacky himself couldn't hurt him and wouldn't try. But Blacky's tongue was dangerous. If Blacky should see him it would be quite like Blacky to tell Reddy Fox or Old Man Coyote. So the surest and wisest thing to do was to hide until Blacky was nowhere about.

It was as he crouched there in that little ditch under the overhanging grass hiding from Blacky the crow that the great idea came to Jerry. It came so suddenly that he nearly squealed aloud. It was such a splendid, such a perfectly splendid idea that he fairly hugged himself.

"Why didn't I think of it before? Why didn't I think of it before?" he kept saying over and over. "It's the simplest thing ever was. Now I'll have all the carrots I can eat and I'll be perfectly safe while getting them. Reddy Fox will never in the world find out about it and if he should it wouldn't do him the least bit of good. It is simply great. I wonder how I came to think of it."

What was Jerry's great idea? It was to dig a tunnel from the bottom of that ditch right over to where the carrots were and make the opening right among them. Then he could make a little store-room leading off the tunnel and pack it full of carrots. Simple, wasn't it?

Next Story: Jerry Gets Right Down to Hard Work.

PUBLIC ENEMY NO. 1 Must Go!

Kill that cold at once!

The real No. 1 Public Enemy is the "common" cold. It is a constant menace to our health and well being and should be "killed" quickly.

A cold is an infection produced within the system by a germ. Common sense dictates that you treat it internally as an internal infection. When a cold attacks don't waste time. Use Grove's.

Grove's Laxative Bromo Quinine is an internal treatment that goes directly to the source of the trouble. It does the four things necessary: First, it opens the bowels; Second, it combats the cold germs in the system and reduces the fever; Third, it relieves the headache and "grippy" feeling; Fourth, it tones up the system and helps fortify against further attacks.

At the first signs of a cold buy a box of Grove's Laxative Bromo Quinine (the large size is the most economical to buy). Make sure you get Grove's. They're in a white box. Grove's Laxative Bromo Quinine has what it takes to stop a cold quickly and effectively.

Grove's LAXATIVE BROMO QUININE

PROTEST SENT TO GOVERNMENT

Courtenay Council Deplores Discourtesy Shown to Municipalities' Executive

COURTENAY, Nov. 6.—A strong protest has been sent to the Provincial Government from this city in the following words: "The Municipal Council of the city of Courtenay, at its regular session, deeply deplores the discourtesy shown to the executive of the Union of British Columbia Municipalities by the Provincial Government in refusing to grant it an interview to discuss the question of unemployment on the occasion of its recent visit to Victoria."

In voicing the protest, Alderman Pearce said that it was the very last thing a government should do in these times.

Quoting the Harper report, the alderman showed how the Provincial Government has curtailed the revenue of the municipalities in various ways, particularly in the loss of the liquor bar licences.

City revenue receipts show a decrease of \$1,996 compared with the previous year, but bank loans are down by \$9,500.

The attachment of the Courtenay River on private and city property will be protested to the Federal Government.

ARRESTED MAN MAY BE OKALLA CONVICT

VANCOUVER, Nov. 6 (CP).—British Columbia police and Okalla Prison Farm officials here said tonight that a man giving the name of George Henry Graham and believed to be an escaped prisoner from Okalla, had been arrested in Toronto.

He is being held by Ontario authorities for identification by Coast police.

George Graham escaped from the boiler-room in Okalla in May last while serving a one-year term for forgery.

FINED FOR GAME LAW INFRINGEMENTS

NANAIMO, Nov. 6.—Charged with possession of the carcass of a doe deer by Game Warden Frank Greenfield, state deer poisons, appeared in Provincial Police Court today, and was fined \$10 and costs by Stipendiary Magistrate C. H. Beaver-Potts.

H. Broderick, who was driving the car in which the carcass of the doe was found, was fined \$10 and costs for having failed to stop when ordered to do so by a uniformed game warden.

Arthur Smith, also of Nanaimo, was fined \$10 and costs for having the carcass of a deer in his possession, which was not properly tagged. The tag, while attached, was not entirely sealed, as required by law.

Make Plans for Memorial Service

QUALICUM BEACH, Nov. 6.—The Qualicum Beach branch of the Canadian Legion met in the Community Hall clubroom last week, when arrangements were discussed for a memorial service, to be held at St. Mark's (Anglican) Church on Remembrance Day. All returned men are cordially asked to attend. Comrade E. Sanders will be the soloist for the occasion.

Storm Damage Halts Logging

DUNCAN, Nov. 6.—Because of damage to a big trestle on the Hillcrest Logging Railway, caused by the storm at the week-end, the woods were laid off yesterday morning. Yesterday afternoon two shifts of the Swedish mill were laid off, one shift in the Swedish mill and the day shift in the big mill keeping on running as long as the supply of logs on hand lasts. It is estimated that the necessary repairs will be completed in a fortnight.

SALTSPRING WEATHER

Salt Spring Island weather report for October follows: Mean temperature for month, 50.16; mean maximum temperature, 57.87; mean minimum temperature, 42.45; highest temperature, 72; lowest temperature, 33.5; rain, 3.91 inches; clear days, 7. Winds veering to all points.

New Hairdressing Mode Featured in Colonist Newsreel

THE Colonist Universal Newsreel, now at the Dominion Theatre, shows a new style in modish hairdressing, colloquially called "the cellophane" wig. Liquid lacquer is applied with a spray gun and brightly-colored powder, dusted over all, adds to the note of glamour. Also shown are the impressive ceremonies as President Roosevelt dedicates the new \$9,000,000 Department of Justice Building in Washington, D.C. From Ottawa are scenes of the return of Premier Bennett from his journey abroad. The latest aviation development, an airplane with short thick wings and two propellers that revolve in opposite directions is also demonstrated. A mammoth round-up of untamed broncos brings back the life and color of the Old West in Arizona.

Snoring

Health Service of the Canadian Medical Association and the Life Insurance Companies in Canada

People who sleep with their mouths open are the ones who snore, so it follows that the way to avoid snoring is to sleep with the mouth closed, making use of the nose for breathing.

It has been said that more than one person in ten is a chronic snorer. By that we mean that more or less regularly, for at least a part of each night, they open their mouths to breathe and indulge themselves in producing those vibrating sounds which we call snores.

All snoring is noisy. Apparently men are the chief offenders; at any rate, as snorers they make the greater amount of noise. Among those conditions which favor sleep is quiet. Therefore, whether he be in the home or in the pullman car, the snorer is a disturber of the sleep of others, even if he does not awaken himself with the noise he produces.

Babies snore, but after childhood, there are few snorers under thirty years of age. It is after thirty that snoring becomes a habit. The cause underlying the habit does not lie in the subconscious mind, but in the open mouth.

There are several reasons why our mouths open when we sleep. It commonly occurs when we fall asleep sitting in a chair, or when we lie on our backs in bed. In such cases, the muscles which support and hold up the lower jaw relax, and the mouth falls open. The most common cause of snoring, however, is some abnormal condition of the nose, which more or less blocks the free flow of air in and out. While asleep, secretions collect in the nose, particularly if the nose is congested or blocked, which during the day would be expelled, and so, first of all, there is a wheezing as the air is forced through the secretions, and later the mouth opens and snoring follows. Snoring is more common in Winter, because in Winter there are more colds and other infections of the nose and throat.

The remedy lies, first of all, in having the nose and throat put into a healthy condition, obstructions removed and infection treated. In young children, this generally means the removal of adenoids and tonsils. Those who snore should not sleep lying on their backs. Those who have snored for years have developed a habit which takes time to correct, even after the underlying cause has been removed. It is not only for the sake of others that snorers should be controlled, but also to secure better rest for the snorer.

Partners IN Purchasing

AS WE make our purchases for Winter—clothes and fuel, furniture and food—we are a vast body of people, all responding alike to the urge of the oncoming season. But in still another way are we joined. We seek aid, advice and suggestion from today's advertising in this paper.

This habit of ours to look to the printed word for help has grown in quite a natural way. From experience over the years we have found that it pays. For only a worthy store and product can be advertised continuously. To pay the advertiser, advertising must be honest.

That is why advertising is a helpful partner of us all. It helps the manufacturer and store to sell. It helps you—the customer—to buy to the best advantage.

The Daily Colonist

HEAVY SCHEDULE OF GAMES BOOKED FOR RIBBONS

Normie Himes and Worters Only Two Vets With Ameriks

Manager Joe Simpson Has Pair of Old-Timers to Back Up Youngsters on New York Americans' Hockey Squad—First String Forward Line Is Formidable

NEW YORK, Nov. 6 (CP).—Not really optimistic after all these years of disappointment, New York will welcome the 1934-35 spangled Americans just the same because Joe Simpson's team holds a warm spot in its "Gotham" heart that is reputed to be cold. The previews of this latest American entry in the National Hockey League have been only slightly more encouraging than usual.

Old "Bullet" Joe and Boss Bill Dwyer have made a few additions to the team that staged a great late-season rally last Spring, just failing to make the play-down grade. There is a somewhat fresher blend of youth and age. But there are still only two recognized stars—Normie Himes and Roy Worters.

As long as the diminutive Worters is between the posts, Americans have less to fear from opposing attacks than most teams. The Toronto-bred goalie has few equals and perhaps no superiors since the death of Charlie Gardiner.

SMITH ON DEFENCE
The defence will benefit by the presence of Alex Smith, secured from Boston Bruins. The former Ottawa is a steady defensive player and a highly effective puck-carrier. Manager Simpson plans to use him beside Bill Brydie.

The other rear guard will be made

up by Al Murray and Red Dutton. Himes, the No. 1 forward for years, will be flanked by Young Bob Gracie and the veteran Harry Oliver, who came to the Americans with Smith from Boston. Oliver and Himes are exceptionally strong backcheckers and so is Gracie, fastest of the three.

The club's best scoring trio are expected to be Eddie Burke, Red Conn and Dede Klein. Burke, an accurate marksman, rifled his way into the front rank of N.H.L. scorers last season, and both Klein and Conn improved so rapidly towards the end of the campaign Simpson hopes they may take over starring roles from the outset of this drive.

Art Chapman, Sweeney Schriner and the fleet Lorne Carr will make up the third line. Carr was secured from Buffalo, of the International League, in exchange for Ronnie Martin only yesterday. The Calgary winger failed to impress Lester Patrick when he had a trial with New York Rangers two years ago, but Americans may find him to be just the man they need.

McVEIGH ON SQUAD
Rabbit McVeigh, the aged but inspiring left wing man who has led more American winning streaks than any other figure, will sit on the bench waiting for a chance to go in and fire a decisive blow. He will do some of the penalty shooting and some other shooting when the opposing team is short-handed from penalties.

With such newcomers as Carr, Schriner, Oliver and Smith in the fold, the Americans have fresh hope. And Gotham has fresh hope too—but not too much.

Frank Patrick's New Offensive Stars

CLAPPER

BARRY

SIEBERT

This is likely to be the opening offensive brigade of Boston's burly Bruins, who didn't do so well last year in the big time ice race. With Frank Patrick in the driver's seat, instead of Art Ross, they intend to show Boston fans that the lapses were but temporary. The goal-getting trio above are Aubrey "Dit" Clapper, wing, former league-leading scorer; Mart Barry, dangerous attacking centre, and Babe Siebert, former Montreal Maroon winger. In training camp this trio have shown a prolific scoring punch that augurs ill for opposing net minders.

TRACK SQUAD IN AUSTRALIA

Canada's Schoolboy Track Stars Will Have Many Incidents to Tell

VANCOUVER, Nov. 6 (CP).—Shark and poisonous fish-infested waters of the tropics, competitions with barefoot natives, native dances, and having a school holiday declared in their honor are just a few of the things Canada's twelve schoolboy athletes will have to tell about when they return from Australia next month.

Word of their trip to Melbourne, where they will take part in the Melbourne and Victoria centenary, starting November 9, arrived here today in the form of a letter from Marshall Limon, one of British Columbia's two members on the team. Jim Horner, of Toronto, has been elected captain of the squad.

The boys kept in shape on the trip with hand exercises and jog trots around the decks. They were

glad to get on land again, and that probably went for the ship's crew too, Limon said.

They discovered that the top bunks folded up, and more than once a member of the crew was called in to release a luckless passenger from the interior of his bed.

MONDAY DEPARTURE

Papeete, Tahiti, declared a school holiday when the Canadians arrived there, and the town turned out for a track meet.

Running in bare feet, the natives were no match for the speedy young Canadians, Limon said, but what amazed the natives more than anything else was the jumping ability of Ray Jensen, of Stevensville, Ont., who holds the Canadian schoolboy record for the high jump.

When Jensen cleared the bar at 5 feet 3 inches in a practice jump, the natives gulped their astonishment. They had never seen anyone jump over five feet before.

Later they saw a native war dance, and were given leis by native dancing girls.

Just before arriving at Tahiti a Frenchman warned the boys not to swim around white sand beaches because the waters were infected with poisonous fish. The dark sand beaches were all right, he admitted, but they must be careful of sharks.

Officials Named For Army Rugby Games Saturday

AUBREY WELLS, former V.B.A.A. Rugby player, and now officiating as a referee, has been named as arbiter for the Canadian Scottish-Fifth Regiment all-army oval ball fixture, Saturday afternoon, at Macdonald Park, officials of the Victoria Rugby Union announced yesterday evening, at their meeting held in The Colonist boardroom. W. Derbyshire has been named to handle the intermediate fixture between squads from the same units. The kick-offs are scheduled for 3 o'clock.

Boxers Wait Opening Gong

Gordie Wallace and Billy Townsend Will Swap Blows on Mainland Tonight

VANCOUVER, Nov. 6 (CP).—A veteran who has repeatedly announced his retirement from ring warfare only to be drawn back by the lure of the clicking turnstiles and the glamour of the fight game, and a young boxer starting the tough climb to the top, meet tomorrow night in Vancouver's first title fight in years.

Blonde Billy Townsend, who learned to fight in Nanaimo and rose to the Canadian welterweight title, will come back to the fight stage against Gordon Wallace, brilliant Vancouver fighter.

Both boys wound up training today with a brief gym workout in preparation for tomorrow's fifteen-round battle. Townsend, noted for his dashing style and always ready to take three punches to land one, ruled a slight favorite tonight.

Savage Purchased By Boston Bruins

BOSTON, Nov. 6 (AP).—Boston Bruins' management announced last night, the purchase of Gordon Savage, a defenceman and left-winger, from Montreal Canadiens, for an unnamed sum of cash and Winger Tom Filmore, a member of Boston Cubs' squad.

Savage, who played for Calgary, in the Western League, last season, will join the Bruins next week.

SHIFTING SANDS
Lefty Grove broke into professional baseball as a first-baseman, while Lou Gehrig's first test was as a pitcher.

THREE GOOD HOOP GAMES ARE CARDED

Leading Intermediate "A" Squads Will Clash at High School Gymnasium

Leaders of the intermediate "A" boys' division of the Victoria and District Basketball League, Kingham-Gillespie cagers will meet plenty of stiff opposition this evening at the Victoria High School when they stack up against the rapidly improving Regents, in what promises to be the feature attraction on this evening's basketball programme. In the curtain raiser, Doo Dads and the Hudson's Bay men's "C" quintettes will clash at 7:30 o'clock, while the final game will see Frank Elliott's smooth-working, Colman aggregation opposing the Tilliums, in a senior "B" exhibition.

The fuel merchants have three victories to their credit in as many starts, while the Regents have dropped a lone game. Victory this evening for the latter club will place them deadlocked with Kingham-Gillespie in the race for the divisional honors.

DOO DADS MEET BAYS
Doo Dads will be out for their third victory of the season when they stack up against the Hudson's Bay in the first game on the card. The departmental store representatives have suffered two defeats, and will be out at full strength in an effort to check in with a win.

Colonist, last year's men's "B" champions, will be favored to take the Tilliums in the last fixture of the evening. The newbies are playing good ball at this stage, but in order to stay near the top they must hurdle the opposition that will be offered this evening by Bill Pasmore's fighting clubmen.

Baseball Prexy May Be Asked to Stay in Office

NEW YORK, Nov. 6 (AP).—With no outstanding candidacies as yet developed for the National Baseball League presidency, vacated by John Arnold Heydler in the middle of a four-year term of office, it appears likely an effort will be made by the club owners to have their veteran president reconsider his withdrawal and continue on the job, if and when his health permits.

SMART QUINTETTES WILL APPEAR HERE BEFORE PLAY-OFFS

De Molays, of Seattle, Will Be First American Hoop Squad to Tackle Former Canadian Title-holders—Play Return Game With Adanacs—House of David Team Coming

Victoria Blue Ribbons, former Dominion cage monarchs, who opened their inter-city campaign with a 46-16 victory over the New Westminster Adanacs, last Saturday evening, at the Victoria High School Gymnasium, will be seen in action with some of the smartest hoop squads on the Pacific Coast before they enter the British Columbia play-offs next Spring, officials of the Victoria and District Basketball League announced yesterday.

According to present plans, the locals will journey to New Westminster, on November 21, to meet the Adanacs in a return fixture, and then later in the year will cross the Gulf waters again, probably in December, to play the Vancouver Province, present Canadian champions.

DE MOLAYS COMING
Secretary Leslie Gordon, of the local league, stated yesterday that arrangements have been completed for the appearance, here, on December 15, of the De Molays, of Seattle. While this is the earliest definite booking for the Victoria High School Gymnasium, it is expected that fixtures with other leading cage squads will be secured for dates prior to December 15.

At the present time local officials are corresponding with the management of the University of Washington Huskies, in an effort to have the students play here against the

Blue Ribbons, on Saturday, November 24. Confirmation of this date is expected daily.

Other top-ranking Seattle hoop squads that will, in all probability, be seen in action at the Victoria High School in the very near future will include the Gilmore Oil Company representatives, McKay Giants and Horlucks Creamery.

From Portland, Oregon, will come the smooth-working Multnomah Club cagers, while Tacoma quintettes invited to make the trip to this city are the Tacoma Safeways and the Tacoma Superior Dairy. Offers to come here and meet the Ribbons have also been extended to the Everett Shaddoffs, of Everett, Washington, and Ellensburg Normals, of Ellensburg.

Efforts will be made to have as many as possible of the Washington and Oregon clubs appear here before the Christmas holidays, as, beginning with January, league officials here are generally flooded with applications to make the trip to Victoria.

DAVIDANS BOOKED
Capping the exhibition series will be the return here, on February 22 and 23, of the bewhiskered House of David squad, one of basketball's greatest attractions.

With this class of opposition to contend with during the season, the Ribbons should be in excellent shape when they open against the Mainland champions in the British Columbia playdowns next Spring.

HUDSON'S BAY AND GARRISON BATTLE TODAY

Mid-Week Soccer Elevens to Fight for Leadership—Spencers Play Navy

Fighting in defence of the Hayward Cup they won last season, Garrison's smart mid-week soccer elevens will battle the Hudson's Bay squad, this afternoon, at the Royal Athletic Park, in the feature match on the double football programme. Outer Wharf Rangers, second-berth occupants, will open the card when they meet the Macabees in the curtain raiser, at 2:30 o'clock.

The other match will see Spencer's battling for their initial victory of the season when they take the field against the Navy, at Admirals Road. The kick-off is scheduled for 2:45 o'clock.

BATTLE FOR LEAD
Deadlocked in first place, with five points apiece, Garrison and the Hudson's Bay elevens will be fighting for first place in the series as the first half of the schedule terminates. Considerable interest is being taken in the match, as it is the first time this season that the clubs have met.

Rangers, who last week humbled the Navy, 2-0, will be favored to grab off a couple of points at the expense of the Macabees, cellar occupants, and by so doing, retain their second-berth position.

Spencer's, with three draws in as many starts, will be out for their initial win in the series when they make the trip to Esquimalt to battle the sailors on their home ground. The Navy went down to defeat last week at the hands of the Rangers, and today hope to avenge this setback by taking the measure of the Diamond "B" aggregation.

THE TEAMS
Some of today's teams follow: Spencer's—Stewartson, Cann, Munroe, Molr, Chapman, D. Bradley, Browne, Bissell, Clarke, Borde and L. Bradley.

The Macabees team will be selected from the following: Wilmhurst, Jack, Speller, M. McBride, Fieldhouse, A. McBride, Garnot, W. Graves, T. Graves, T. Emery, D. Newell, S. Hill, J. Roberts, Knowles and Howard.

FOOTBALL TO JAZZ
Paul Whiteman, father of modern jazz music, once played football on a Denver high school team.

Officials Named For Grid Battle On the Mainland

VANCOUVER, Nov. 6 (CP).—Angie Mitchell, of Regina, and Del Finlay and "Moore" Parker, of Vancouver, have been named officials in charge of the two-game Western Canada football final series between Regina Roughriders and Vancouver Merlons, starting here next Saturday. Sax Crossley, president of the Western Canada Rugby Football Union, made the announcement tonight.

Mitchell will act as umpire, with Finlay, referee. Parker will be head linesman.

CALIFORNIANS WANT TOUSLES IN PROVINCE

Southern English Rugbys Booking Fixtures in B.C.—Victoria Included

VANCOUVER, Nov. 6 (CP).—California inter-collegiate English Rugby officials have written to the British Columbia Rugby Union suggesting a three-or-four-game exhibition series with an all-star Vancouver team during the Christmas holidays.

The California team, composed of players from Stanford, University of California at Los Angeles, Southern California and University of California, would play here Christmas Day and New Year's Day, with a third game sandwiched in between. A game would also be played against a Victoria rep team at Victoria.

British Columbia is scheduled to send a team to California next March.

Under the California proposal each of the Southern universities would put up \$500, with the British Columbia union adding \$500 to guarantee expenses for the Northern tour. Results of the game here and in California would be pooled and the expenses taken out, the balance, if any, to be divided between California and British Columbia.

Bombardier Smirl Scores Possible

Putting on five bulls for a possible 50, Bdr. J. C. Smirl led the marksmen in the Fifth B.C. Coast Brigade turkey shoot yesterday evening on the miniature ranges at the Armouries. L.-Col. G. Rosin was in second place with 49, one point short of a perfect score.

Scores follow:

Bdr. J. C. Smirl	50
L.-Col. G. Rosin	49
Gnr. O. Merton	47
L.-Bdr. H. N. Osgood	47
Gnr. F. Coleman	47
Sgt. R. J. Bowkett	46
Sgt. H. Kreiger	46
B. S. M. Pretwell	46
Bdr. A. Efta	45
Gnr. J. Sparrow	44
Sgt. B. W. Merriman	44
Jervis Read	43
Gnr. A. Keefe	43
Bdr. A. Rycroft	43
Gnr. N. Hickman	42
Sgt. G. B. Bowden	42
Sgt. J. Chipper	41
L.-Sgt. J. R. Archer	40
Bdr. W. F. Islip	40
Gnr. V. Palmer	39
Gnr. E. Wood	37
Sgt. W. J. Sullivan	35
Tpr. W. Steadman	35
Gnr. I. S. Brown	34
Gnr. B. Horne	30
Tpr. F. Harvey	27
Tpr. A. Seed	25
Bdr. C. Walton	24

A ROLLING PIN THAT HAS BEEN IN CONSTANT USE 163 YEARS IS NOW USED BY JESSIE MACAULAY Chance Harbor Nova Scotia

ANYTHING SO UNIVERSAL AS DEATH MUST BE A BLESSING

EXPLANATION FOR YESTERDAY'S RIPLEY CARTOON

Until They Met Again—Sam Davis, who now lives in Greensburg, Indiana, while working in a brickyard in 1901 one day carved his name on a brick. In 1932, Davis moved into his present home and while cleaning up his place found the same brick on which the words "Sam Davis, 1901" had been carved thirty-one years before.

The Smoking Fireplug—The fireplug at Delaware Avenue and Chestnut Street, Philadelphia, is called "dummy" because it is not connected with the water main. The pipe merely runs down underneath into the Delaware River, and in case of fire a pumping engine is hooked on to fill the hose. But the plug is not a "dummy" as it can smoke a cigarette. The water inside the pipe rises and falls with the tide, enlarging and restricting the air chamber in the plug. This variation in the air chamber creates a suction which will keep a cigarette going when stuck in the small hole in the plug cap.

FINANCE - COMMERCE - MARKETS

Canadian Stocks Move Upward in Heavy Turnover

MONTREAL, Nov. 6 (CP).—In the heaviest turnover since last July, listings on the Montreal Stock Exchange surged upward over a wide area today.

Beverage issues were the leaders with interest later spreading to the equipment stocks.

Canadian Industrial Alcohol "A" moved up 1-2 at 9 and the "B" issue was 5-8 higher at 8-1-4. National Steel Car advanced 3-4.

Bank of Commerce climbed 1-2 at 139 1-2, while Canada Cement preferred moved up 1 1-4 points at 47 1-2. Nickel, C.P.R., Canada Cement, Dominion Steel & Coal "B", Power Corporation and B.C. Power "A" gained fractions.

Optive Flour declined 5 points to 170.

TORONTO STOCK EXCHANGE

TORONTO, Nov. 6 (CP).—Left to its own devices while the New York market was closed for the state elections, Toronto Stock Exchange industrial section pushed higher today.

Three distillery stocks accounted for 27 per cent of the entire turnover, with Distillers-Seagrams in the lead. It closed 5-8 higher at 15 5-8. Walkers common and Industrial Alcohol "A" each added 3-4, the former closing at 27 3-4 and the latter at 8. Brewery shares added fractions.

International Nickel reflected a 15-cent dividend by gaining 1-4 to 22 5-8. Smelters dropped a half. Utilities were a bit soft, entailing fractional losses for Beaulieu, Bell Telephone and International Utilities. Union Gas advanced 1-4 to 4-3-8.

Virginia Vane Says:

MELANCHOLY SHOULD IGNORE ATTEMPTS OF FORMER BOY FRIEND TO HUMILIATE HER

Dear Virginia Vane: My boy friend and I had been seeing each other for quite some time. Suddenly he seemed to grow indifferent, and now we do not see each other at all except when we meet at a party given by mutual friends. At such times he seems to take delight in torturing me by being over-attentive to the other girls there. I try not to show my jealousy, but it is very difficult. When I try to be pleasant, he takes great delight in humiliating me by his apparent lack of interest.

Before we broke up he had fallen into the habit of criticizing my every action and found fault with whatever I said. At that time I was so sure of him that I made no effort to change, but now that I have lost him I long to have him back, and would do anything to have things as they were before. Can you help me?—Melancholy.

You poor youngster, I know exactly what you are going through right now, and I do sympathize with you. However, keep your chin up, and I know you are going to come out right in this business. As things now stand, your ex-boy friend has very much the upper hand. He feels that he has given you the air and that he is therefore much the superior party to the affair. He senses that you still love him and need him, and instead of appreciating this as something very fine and of which he should be proud, he is using it to satisfy his vanity. Maybe he is suffering from extreme youth, or perhaps he really is a very vain and selfish young man. If he is the latter, you are well out of the business, but if he doesn't realize what he is doing, the surest way you can snap him out of his coma is to make yourself independent of him. Perhaps you can find another boy friend, or if that isn't possible at the moment you must develop your other interests. It would take up a lot of your thought and time just to analyze your personality with a view of correcting those traits your ex-boy friend found to criticize. As soon as you find interests which in no way include him, you will discover that your attitude when you are with him is changing. You are going to have more confidence, more courage, and when you meet him he will not be able to humiliate you.

I am sure that the minute he finds you are being independent about him, he will find that he needs you as much as you now need him. Men are funny that way; as long as they have a girl worshipping at their feet they will assume the role of supreme ruler, and after are thoughtless and overbearing; but the minute they find their subject's devotion straying their vanity is severely bruised and they become the devoted one. If I didn't feel confident that an attack along this line was going to work out for you I would never advise it, but by his actions your young man is suffering from an attack of his own importance and just needs a slight jolt to wake him up.

Natalie: Stop making a doormat of yourself for this boy to walk on. You don't seem to be aware that you have a life to live yourself. Certainly if you fail to assert yourself now, when you get married you just won't have any personality at all. It is also very possible that your boy friend would like a girl that wasn't quite so afraid of him as you are. By all this I do not mean that you have to be nasty at every opportunity, but calmly and quietly assert your rights in the relationship. Your love can be just as fine as it now is, and I believe that the sincerity of your devotion will become more apparent to him in your new personality.

HEARTBROKEN SHOULD CONCENTRATE ON OTHER THINGS THAN LOST LOVE

Dear Virginia Vane: For almost four years I have loved a man very dearly; he meant life to me, and when a year ago he married someone else my heart was broken.

I had always believed that if such a thing should happen to me, I would soon get over my sadness from the knowledge that we were not really meant for each other. Such is not the case, however, and I find myself loving him just as much as I ever did. I have not seen him since he married, but that does not seem to have helped my heartbreak.

This is not puppy love, I am a woman of thirty and have seen enough of the world to know that I will never love another as I have loved this man. It is very difficult for me to make friends and my loneliness at times is almost unbearable.

Won't some of your readers that have had a similar experience give me some advice?—Fates Driftwood.

I would be very glad to publish any comments my readers may have that will help this unhappy girl. I know there are a lot of you that have had a similar experience, perhaps not quite so cruel, but much the same. Maybe your solution of the problem will be just what this girl needs. Let's hear from you.

The fact that you still care deeply for this man indicates that for the past year you have been allowing yourself to brood over the affair. You have formed the habit of letting your thoughts about him run riot, until you became desperate about the business.

Now with a little concentrated effort you can form the habit of not thinking about him just as easily as you have formed the habit of thinking about him. Suppose you were to interest yourself in a book, a very easily read book, perhaps a simple detective story where the action moved swiftly and excitingly. Right about the time the hero enters to save the beautiful heroine, you would be completely free of the old longing. That is, the minute you stop thinking about him your heart-break disappears.

You can see then that if you train your mind to a concentration of something else you are bound to be free of your sadness. Practice concentration then. When you read, read carefully, don't allow a stray thought to penetrate your attention to what you are reading. Gradually you will find it easy to hold your thought to the one thing you are doing, no matter what it may be.

You can have a million interests to get your mind off this man, but they'll not help a bit if your concentration on them is not sufficiently strong to keep out thoughts of your old love.

An experience like yours never leaves us quite as we were before. It is bound to make you much stronger, more courageous, more self-reliant, richer in personality, so that when again you fall in love you will know just how to handle the situation for a successful issue.

How It Started

By JEAN NEWTON

"PUT IT IN BLACK AND WHITE"

This expression is constantly used, the idea being to conclude an arrangement by reducing it to writing, so that there may be no misunderstanding or equivocation.

In this connection, black, of course, is for the ink, and white for the paper.

While this phrase sounds modern, it is in reality quite old.

It goes back several hundred years to Ben Jonson, who first used it in 1596 in his play, "Every Man in His Humour," Act IV, Scene 2.

Steel-tube furniture is being introduced into homes in Czechoslovakia.

URGES FIGHT ON TUBERCULOSIS

Dr. A. S. Lamb Addresses Kiwanis Club, Praising Members for Valuable Work

At the luncheon meeting of the Kiwanis Club, yesterday, in the Empress Hotel, Dr. A. S. Lamb, who is in charge of the traveling clinic for British Columbia in the effort to combat tuberculosis, was the speaker. He praised the excellent work that the organization was doing in the fight against the disease. He also spoke well of the nurse who was carrying on the work here and was pleased to know that no complaints were raised.

DESCRIBES COMBAT

Dr. Lamb referred to the difficulties that were encountered in the following up of the origin of the infections that took place. In this work he was engaged and it required a tremendous amount of investigation to trace back to the origin. Of late, surgery had assisted in the work, he stated.

Fortunately, tuberculosis was not exceedingly infectious, Dr. Lamb declared. There should be great care taken to guard children against infection. Early diagnosis was most important in fighting the disease. In this way the spread of the disease was checked. There should be isolation as far as possible. If due care is taken, there was no reason why there should not be a stage reached when sooner or later cases could be reduced so that segregation of each might be possible.

What Today Means

"SCORPIO"

If November 7 is your birthday, the best hours for you on this date are from 10:45 a.m. to 12:45 p.m., from 2:45 to 4:45 p.m. and from 7:45 to 9:45 p.m. The danger periods are from 8:45 to 10:45 a.m.

from 4:45 to 6:45 p.m. and from 9:45 to 11:45 p.m.

On this November 7 a friend may reveal a trait of character which might surprise you pleasantly and prove to your satisfaction that there is such a thing as loyalty. You may have a very lucky break in a business transaction, or some deal involving money. This should be a very auspicious day for the planning of definite lines of activities whether of a commercial or social nature. Tricksters are very likely to meet their Waterloo on this date and nefarious schemes will probably receive undesired publicity. You might possibly meet an individual with a Jules Verne type of imagination, who may tell you a plausible sounding tale of how to make money easily. It might be well to remember the lure of easy money has caused many more losses than bank failures have, so be careful. Social activities will divert your mind from your own affairs.

you do not overtax your nerves and physical self by keeping unreasonable hours. Married and engaged couples, as well as those trying to impress someone with their qualifications to become a worthy husband or wife, will avoid complications if they stick to the plain, unvarnished truth and do not try to "pull the wool" over their beloved one's eyes.

If a woman and November 7 is your birthday, your charitable disposition and readiness to understand the other person's mental reactions has gained you a probably more sincere love and admiration than you realize. An abundance of money may eventually be yours to do with as you please. You should be very skillful with your fingers. If you apply yourself in a commercial way to some line applying to the culinary art, you might not only make a reputation well worth while, but also money. Needlework, millinery, music, drawing and writing are worthy of your serious consideration. Where love is involved you should be very fortunate.

The child born on November 7, when it reaches its teens, should prove highly satisfactory in every respect to its parents. A lovable disposition will gain it many friends. If a man and November 7 is your natal day, your strength of character will be recognized and win you high regard, and probably a position of trust. Banking, chemistry, educational and literary work, as well as the lecture platform, offer you opportunities.

PIONEER CITIZEN DEAD

VANCOUVER, Nov. 6 (CP).—Francis Alvin Billingsley, seventy-nine, pioneer British Columbia resident and a member of the Dominion Lodge, No. 4, of Victoria, is dead. Born in London, he had resided in Canada fifty-five years, fifty of which were spent in this province.

YOUNG WRITERS TO GET PRIZES

C. E. Critchley, Australian Envoy, Offers Students Awards for Essays

For the purpose of urging closer trade relations between Canada and Australia, and to inaugurate a Dominion-wide contest open to high school students, C. E. Critchley, of Toronto, assistant Australian trade commissioner in Canada, is visiting Victoria.

Shortly after his arrival from Vancouver, Monday, he addressed students at Mount View High School, and at noon showed motion pictures of his native land, to a joint luncheon of Gyros and members of the local Canadian Manufacturers' Association, at the Empress Hotel. Mr. Critchley addressed students at Victoria and Oak Bay High Schools yesterday.

RULES FOR CONTEST

All high school pupils are being invited to write essays of approximately 2,500 words, in English or in French, on Australia and on Canadian-Australian relations. The writer of the best essay in the Dominion will be awarded a trip to Australia, while the best in each province will receive a cash prize of \$50.

Under the rules, entrants must not be more than eighteen years old and must have been a student in Canadian schools for at least three years. Each school whose pupils wish to compete must enter at least twenty essays.

Australia is actually leading the world back toward prosperity, Mr. Critchley stated in an interview at the Empress Hotel. He explained that recovery has been virtually attained there by the use of stringent plans of economy and state commonwealth co-operation, and by keeping the Australian pound discounted 25 per cent as against the pound sterling.

The visitor went on to explain that in the recovery programme leaders saw fit to finance the Government by short-term loans and to turn them over at different times, as well as to provide for building programmes for unemployment relief.

CONVERSION LOAN

"In 1931 a conversion loan was floated," he continued, "and the whole of the internal indebtedness converted to loans at a new and lower rate of interest. The whole scheme has been very successful, and for the last two years the Federal Government has had a surplus. Accordingly, there have been cuts in taxation, unemployment has greatly decreased, losses have given way to profits in small and big business, there is more building, and bank statistics are favorable," the trade envoy went on.

"Canadian-Australian trade agreements, drawn up two years ago at Ottawa, have worked well, increasing both countries' exports, with the balance of the trade in favor of Canada. Australia takes soft woods, canned salmon, newsprint, cotton and automobiles, while the exports to Canada dried fruits, especially raisins and currants, pineapples, raw sugar, wool, wines, oranges, gelatine and eucalyptus.

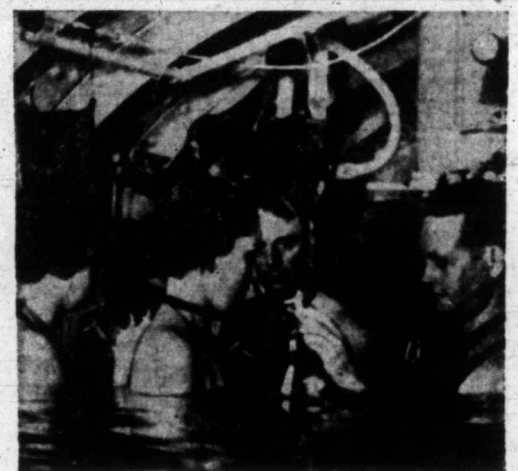

Free-for-All Breaks Out In Assembly

MADRID, Nov. 6 (CP-Havas).—A free-for-all broke out in the Cortes, yesterday, while deputies of the Government parties and members of parties still further to the right held a post-mortem on the responsibility for the recent revolt. Trouble started when the independent deputy, Cano Lopez, launched a violent attack against the President of the republic, Niceto Alcalá Zamora, and Ricardo Samper, head of the preceding Cabinet and Foreign Minister in the present Government. He accused them both of being responsible for the recent events. Fistic fighting developed.

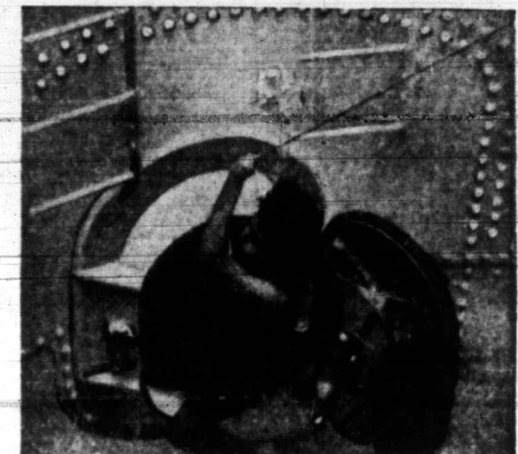

Notice outside of London suburban dance hall:

"The management reserves the right to refuse admission to anyone it thinks proper."

Tests Submarine Escape

Adjusting "Lungs" — Left to Right, in the Compression Chamber, Florence Douglass, Ena Douglass, Lieut. Orville K. O'Daniel, Lieut. William B. Brockman.

Leaving Escape Chamber, Clinging to Guide Rope.

At the Surface—100-Foot Test Is Over!

THE Misses Ena and Florence Douglass, daughters of Leon F. Douglass, millionaire inventor of Menlo Park, Cal., recently defied death in the United States Navy's submarine escape tower at Pearl Harbor, Hawaii, as they demonstrated their father's latest invention. They were immersed in water at the foot of a 100-foot tower and equipped with a set each of their father's artificial "lungs." They made their way to the surface without the slightest discomfort, and their father, whose inventions in the field of sound and photography have made him world famous, filmed the whole proceeding with his unique periscope underwater camera. The device is somewhat on the principle of a gas mask, which permits a person to breathe under water for some time. At the bottom of the submarine tower is a compression chamber in which is simulated the interior of a submarine. Water was admitted to the chamber, and air pressure was applied until it reached fifty pounds. This permitted opening a door in the bottom of the tower tank. A line attached to a float rose to the surface. The girls went up this line. Three times on the way up they paused, by twisting the rope, so as to permit their bodies to become accustomed to the lessening pressure. If they had shot up suddenly, they would have been seized with an attack of the "bends."

That Body of Yours

(By James W. Barton, M.D.)

ACIDOSIS

A word that is commonly used now is acidosis, and there is an impression in the minds of some that acidosis means that the body is in an acid condition.

Now this is not so far wrong because acidosis means that the tissues of the body are getting close to

being in an acid condition, whereas the tissues should always be slightly alkaline.

If the body were acid, death would result.

What causes the body tissues to lose some of their alkaline qualities and become more nearly acid?

Certain foods that we eat, what are known as acid-forming foods, leave an acid ash when they are used or burned in the body.

The natural question would be, "Why should we eat acid-forming foods?"

Acid-forming foods must be eaten because they are among our best foods—meats, eggs, fish and cereals. It would be practically impossible to get a well balanced diet without these foods. They supply protein to the body and the body cells all need proteins to maintain their form or structure.

Another form of acidosis is found when too much fat food—cream, butter, fat meat, egg yolks—are eaten with not enough starchy food—sugar, bread, potatoes—to burn up these fats properly. It is the starchy food that supplies energy, and is the flame that helps burn up fats. Thus we find an acidosis in these overweight individuals who are reducing weight by reducing the amount of starchy food eaten.

Therefore, even if the fat individual is trying to burn up his own fat by reducing his food intake, a little starchy food—about one-quarter to one-half the usual amount—should be eaten to burn up his fat and prevent the body tissues losing their alkaline condition.

To prevent acidosis then, foods that render the blood and tissues more alkaline must be eaten, and that is why fruits, milk and vegetables should be eaten every day. It is very unwise to try to do without acid-forming foods because your body needs meat, eggs, fish or cereals. By simply eating some fruit—except prunes, plums and cranberries—every day, acidosis may be prevented.

If you're waking, call me early. Call me early, mother dear. This was often said to mothers by the girls of yesterday. But today they tell their mothers, "As they go out for a spin. You must wake up early, mother. Someone's got to let me in."

FINDS DRIVING RULES VIOLATED

H. H. Hornby Is Fined \$20 for Driving to Common Danger

In the city police court, yesterday morning, H. H. Hornby, driver of the B.C. Telephone truck, which, on Sunday, September 23, collided with an automobile driven by W. H. Muncy, at the corner of Moss and Richardson Streets, was found guilty of driving to the common danger and was fined \$20. In reaching his decision, after hearing the evidence, Magistrate Jay said that the accused had not been driving at an excessive speed, but he felt that he had not exercised the proper care.

W. H. Muncy, counsel for the accused, pointed out that the accused had been driving for seven years and had no charge in all that time laid against him of violating the rules of traffic. He submitted that in view of this the punishment might be lightened.

W. H. Muncy gave the damage to his car at \$395.54. Mrs. H. S. Jones, who had been in the Muncy car and was badly injured, is still in the hospital. Mrs. A. E. Jones, another passenger in the car, was reported to be home now, while Mr. Hornby, who had three ribs broken at the time, has recovered.

CAME TO STANDSTILL

In his evidence, Mr. Muncy said that he had driven down the hill, on Moss Street, with the brakes on. He had looked to the right, on Richardson Street, before starting across, and when about halfway across, saw the truck coming from the left and about to strike him. He brought his car practically to a standstill before being hit. The first impact was not heavy, hitting the car just behind where he was sitting. The next impact was heavier and carried him across to the curb. He had five adults and two children in his car.

Mr. Haldane witness stated he eased off slightly to the right when struck. Mr. Haldane suggested that if witness had accelerated his car and the other driver turned to the right, the accident might have been avoided. Witness, in reply, did not know whether this would have happened or not.

OUTSIDE WITNESS

J. R. Clarke, who was driving a car immediately behind Mr. Muncy, on Moss Street, testified also to the occurrence. To C. L. Harrison, city prosecutor, he described the accident, resulting in the turning over of the truck on its side. He must have run over the curb to get where it was, said Constable Donaldson.

Constables Alex. Nicol and D. Donaldson, who went to the scene, told of the conditions they found on arrival. The injured parties were rushed to the hospital. The Muncy car had jumped the curb and had come to rest against a stump at the edge of the sidewalk. It must have run over the curb to get where it was, said Constable Donaldson.

DEFENCE OFFERED

For the defence, Mr. Hornby testified that he was driving at about twenty-five miles an hour before coming to Moss Street. He had, as he approached, got down to twenty miles, and he swung towards the centre of the street so he could see anything approaching.

He felt that by turning to the right he would cross behind the Muncy car. The latter, however, slowed up as he came to the centre, and continued to go slower. It was then that witness said he saw he could not pass behind and he grabbed the brakes and tried to avoid trouble. He was moving very slowly when he struck, and gave a glancing blow.

Mr. Harrison declared he tried to stop and let Mr. Muncy go by, but could not do so in view of the speed of the Muncy car.

DEFENDED COURSE

Mr. Haldane doubted that there was any reason to believe the accused was driving to the common danger. Mr. Muncy had acknowledged that if he had speeded up, he could have got past ahead of the accused. Mr. Muncy, however, slowed down and practically stopped in the middle of the crossing.

Mr. Harrison, on the other hand, held that Mr. Muncy had done what he should have done when he checked his speed. The accused, he held, had not acted in a careful and prudent manner.

The magistrate pointed out that the accused should not have attempted to cross unless he knew that the way was clear. It was not for him to decide that the acceleration of the Muncy car might have saved the situation. The accused had not acted in the prudent manner required, the magistrate ruled.

Marigold Chalks Up Third Soccer Victory, 4 to 2

Marigold's smooth-working soccer eleven registered their third successive victory Sunday afternoon in the Stanich Football League, when they defeated the Bluebirds, 4-2, on a slippery field.

Half-Day Specials
